## Sufi Manual:

Journey to the Lord of Power Ibn al-'Arabi, 1989      *Journey to the Lord of Power* Ibn Arabi, 1981-04-01 Journey to the Lord of Power is the first English translation of Ibn Arabi's twelfth century text dealing with spiritual ascent. Arabi, whose metaphysical teachings have had a profound influence on both the Muslim and Christian worlds, is known as one of the greatest writers of mystical love poetry of all time. Written in answer to the questions of a friend, this illuminating guide describes the evolutionary path of our higher spiritual aspirations: the quest for the ultimate reality, the journey toward God. It is chiefly concerned with spiritual retreat, an advanced and potentially dangerous Sufi practice that aims at the attainment of the Presence of God through absolute abandonment of the world. Realizing the imagination's deceptive power, Arabi warns that this form of retreat should not be undertaken except at the order of a sheikh or by one who has mastered the self. Each stage of the journey is accompanied by a temptation which can be overcome only by an unshakable desire for God. Arabi explains each step of the ascent leading toward human perfection. In this perilous voyage of self-discovery, the reader will encounter the Realms of the mineral, vegetable, and animal worlds, eventually reaching the Gardens and the Throne of Mercy. The traveler of the Sufi mystic path is called upon to cleanse his or her heart in order to safely reach the final destination, the Lord of Power.

The book comprises 35 independent chapters with easily identifiable themes and/or geographical threads, all written by recognised experts in the field. The volume outlines the origins and early developments of Sufism by assessing the formative thinkers and practitioners and investigating specific pietistic themes. The middle period contains an examination of the emergence of the Sufi Orders and illustrates the diversity of the tradition. This middle period also analyses the fate of Sufism during the time of the Gunpowder Empires. Finally, the end period includes representative surveys of Sufism in several countries, both in the West and in traditional Islamic regions. This comprehensive and up-to-date collection of studies provides a guide to the Sufi tradition. The Handbook is a valuable resource for students and researchers with an interest in religion, Islamic Studies, and Middle Eastern Studies.
