up or to show off The vast amount of data is introduced so that when our kids reach the rhetoric stage their sweet minds will have information to massage and assemble If a kid reaches the rhetoric stage where his mind is longing to put pieces together to make sense of the world and he finds that he s missing lots of pieces he gets frustrated And surly And rude We don t want that now do we Owning a broad base of data equips a child for the daunting task of making sense of the world and eventually making his mark in it Such knowledge also prevents a young person from falling prey to harmful fads and destructive ideologies It s not so easy to dupe a kid who is armed with facts The songs and other resources found on the website might prove helpful in mastering the material For more information on the Classical Method and for additional teaching resources go to [StrongHappyFamily.org](http://StrongHappyFamily.org)
