Hartley, 2020-11-24 The longest river in Europe the Volga stretches over three and a half thousand km from the heart of Russia to the Caspian Sea separating west from east The river has played a crucial role in the history of the peoples who are now a part of the Russian Federation and has united and divided the land through which it flows Janet Hartley explores the history of Russia through the Volga from the seventh century to the present day She looks at it as an artery for trade and as a testing ground for the Russian Empire's control of the borderlands at how it featured in Russian literature and art and how it was crucial for the outcome of the Second World War at Stalingrad This vibrant account unearths what life on the river was really like telling the story of its diverse people and its vital place in Russian history

*Ivan Bunin: The Twilight of Emigre Russia, 1934-1953* Thomas Gaiton Marullo, 2002-07 In his late years still living in self imposed exile from the Soviet Union Bunin sought only to think and write in undisturbed peace He had won the Nobel Prize and received more accolades than he had ever experienced now he wished only to divide his time between Paris and his country home in Grasse But the onset of war in Europe enmeshed Bunin in the tumult and chaos that had marked his first sixty years Coupled with this disarray were the formidable pressures of his compatriots in Russia Abroad the community of exiles who now demanded that he represent the best attributes of patriarchal Russia in his personal deportment as well as his literary activities A Nobel laureate he was now also a man god to his emigre community Mr Marullo draws from letters diaries and memoirs to compose a picture of Bunin amidst these times including his continued hatred for Soviet leaders as well as for the rising aggression of fascist Germany
