**Trust Us** Anders Hellström, 2016 Introduction Gaining Credibility in the Public Debate Towards a Multi Dimensional Political Party Space National Myths as Political Opportunity Structures and Editorial Writers as Opinion Makers National Myth Making in Sweden Norway and Denmark Issues and Tone towards the Nationalist Populist Parties in Mainstream Press Editorials in Scandinavia Between a Normal Political Contester and a Devil in Disguise Framing the National Populist Parties in Mainstream Press Editorials in Scandinavia Conclusion Similar Yet Different [The Nordic Populist Radical Right](#) Ann-Cathrine Jungar, 2024-08-05 This edited volume examines populist radical right parties in the Nordic region Somewhat surprisingly given the image of a consensual egalitarian and progressive region of Europe the Nordic countries have been fertile ground for the radical right Not only have radical right parties persisted for many decades but they are currently much stronger in this region than in most other European countries today In this book the contributors analyse the electoral ideological and organisational aspects of the radical right in the Nordic region The Progress Party in Norway Fremskrittspartiet FrP the Sweden Democrats Sverigedemokraterna SD Danish People's Party Dansk Folkeparti DF and the Finns party Perussuomalaiset PS It also explores how mainstream parties and the media have reacted to the rise of the radical right whether the radical right is integrated into mainstream politics the extent to which they challenge the dominant ideological paradigm of Nordic politics and whether they mobilise and organise differently to other parties Understanding the Nordic radical right is crucial to comprehending the transformation of Nordic politics but also changes in European politics more generally This book will be of interest to students and scholars of Scandinavian politics populism the radical right and comparative party politics **Nordic Nationalism and Right-Wing Populist Politics** Eirikur Bergmann, 2016-11-23 Based on a constructivist approach this book offers a comparative analysis into the causes of nationalist populist politics in each of the five Nordic independent nation states Behind the social liberal facade of the economically successful welfare orientated Nordic states right wing populism has found support in the region Such parties emerged first in Denmark and Norway in the 1970s before becoming prominent in Sweden and Finland after the turn of the millennium and in Iceland in the wake of the financial crisis of 2008 when populist parties surged throughout the Nordics The author traces these Nationalist trails of thoughts back to the National Socialistic movements of the 1920s and 1930s the respective Nordic version Nazi parties and before to the birth of the Nordic nation states in the nineteenth century following the failure of integration Since then as the book argues separate nationalisms have grown strong in each of the countries This study will appeal to students and scholars as well as wider audiences interested in European Politics Nordic Politics Nationalism and Populism **Weaponizing Conspiracy Theories** Eirikur Bergmann, 2024-08-01 This book analyses the discursive weaponization of conspiracy theories In an era where truth and fiction converge nativist populist leaders wield conspiracy theories as political weapons This text examines the interplay between populism and conspiracism probing their

impact on democratic processes and exploring their broader political implications The work dissects three predominant conspiracy theories The Eurabia theory in Europe the Deep State in the United States and anti Western narratives in Russia It shows their evolution from fringe ideas to mainstream political tools and reveals the leaders triple strategy Constructing external threats demonizing internal elites and positioning themselves as protectors of the true people It also examines how digital media facilitates the spread of these narratives undermining institutional trust and fuelling extremism *Weaponizing Conspiracy Theories* serves as a guide to recognize and navigate the distorted realities reshaping our world It offers essential insights into the complex dynamics of 21st century global politics The author argues that to properly understand the functions of contemporary politics into which conspiracy theories and populism are now deeply integrated we must both examine the impact that conspiracy theories have on people s understandings of the world and how populist politicians can appeal to these beliefs The book will be of interest to students and scholars of conspiracy theories populism and contemporary politics

**Nostalgia and Hope: Intersections between Politics of Culture, Welfare, and Migration in Europe**  
Ov Cristian Norocel, Anders Hellström, Martin Bak Jørgensen, 2020-06-02 This open access book shows how the politics of migration affect community building in the 21st century drawing on both retrogressive and progressive forms of mobilization It elaborates theoretically and shows empirically how the two master frames of nostalgia and hope are used in local national and transnational settings in and outside conventional forms of doing politics It expands on polarized societal processes and external events relevant for the transformation of European welfare systems and the reproduction of national identities today It evidences the importance of gender in the narrative use of the master frames of nostalgia and hope either as an ideological tool for right wing populist and extreme right retrogressive mobilization or as an essential element of progressive intersectional politics of hope It uses both comparative and single case studies to address different perspectives and by means of various methodological approaches the manner in which the master frames of nostalgia and hope are articulated in the politics of culture welfare and migration The book is organized around three thematic sections whereby the first section deals with right wing populist party politics across Europe the second section deals with an articulation of politics beyond party politics by means of retrogressive mobilization and the third and last section deals with emancipatory initiatives beyond party politics as well

**Contested Hospitalities in a Time of Migration** Synnøve Bendixsen, Trygve Wyller, 2019-10-28 This book explores the duality of openness and restriction in approaches to migrants in the Nordic countries As borders have become less permeable to non Europeans it presents research on civil society practices that oppose the existing border regimes and examine the values that they express The volume offers case studies from across the region that demonstrate opposition to increasingly restricted borders and which seek to offer hospitality to migrant One topic is whether these practices impact and transform the Nordic Protestant trajectory The book considers whether such actions are indicative of new sensibilities and values in which traditional categories and binaries are becoming less relevant It also discusses what

these practices of hospitality indicate about the changing relationship between voluntary organizations and the Nordic welfare states in the time of migration As such it will appeal to scholars of sociology anthropology and religious studies with interests in migration civil society resistance and social values      **Neo-Nationalism** Eirikur Bergmann,2020-05-23 This book maps three waves of nativist populism in the post war era emerging into contemporary Neo Nationalism The first wave rose in the wake of the Oil Crisis in 1972 The second was ignited by the Collapse of Communism in 1989 spiking with the 9 11 terrorist attacks The third began to emerge after the Financial Crisis of 2008 soaring with the Refugee Crisis of 2015 Whether the Coronavirus Crisis of 2020 will lead to the rise of a fourth wave remains to be seen The book traces a move away from liberal democracy and towards renewed authoritative tendencies on both sides of the Atlantic It follows the mainstreaming of formerly discredited and marginalized politics gradually becoming a new normal By identifying common qualities of Neo Nationalism the book frames a threefold claim of nativist populists in protecting the people discursively creating an external threat pointing to domestic traitors and positioning themselves as the true defenders of the nation

**Europe: Continent of Conspiracies** Andreas Önnarfors,André Krouwel,2021-04-29 This edited volume investigates for the first time the impact of conspiracy theories upon the understanding of Europe as a geopolitical entity as well as an imagined political and cultural space Focusing on recent developments the individual chapters explore a range of conspiratorial positions related to Europe In the current climate of fear and threat new and old imaginaries of conspiracies such as Islamophobia and anti Semitism have been mobilised A dystopian or even apocalyptic image of Europe in terminal decline is evoked in Eastern European and particularly by Russian pro Kremlin media while the EU emerges as a screen upon which several narratives of conspiracy are projected trans nationally ranging from the Greek debt crisis to migration Brexit and the COVID 19 pandemic The methodological perspectives applied in this volume range from qualitative discourse and media analysis to quantitative social psychological approaches and there are a number of national and transnational case studies This book will be of great interest to students and researchers of extremism conspiracy theories and European politics      The New York Times Index ,1983      *Journal of Gas Lighting* ,1933      **Who's Who in the World, 1978-1979** Marquis Who's Who, LLC,1978      *The Economist* ,1977      **Current Law Index** ,2007
