**That Black Friday Crash** J. R. Roberts,2010-01-28 This all began with a simple desire to find out why the Tiger Woods media coverage wouldn t go away a fortnight after the car crash and the revelation of extra marital transgressions With a war raging on in Afghanistan pending health legislation an on going economic depression etc why was this story making headlines In my quest for answers I turned to the online community As I read through various blogs comments message boards etc I began to see why this saga was a major discussion topic amongst folks online This story is an online chat room dramatization of actual online user comments gleaned from a number of social media sites blogs chat rooms and online news message boards Actual usernames locations and specific references have been altered to protect the identities of the online users featured in this story The comments views and experiences cited are real though and in no way reflect my personal views opinions or experiences      Life Beyond Likes Isa Watson,2023-02-07 With so much of our lives lived online we ve never been more connected or disconnected from what s most important to us It s time to let go of our curated online worlds and get beyond our need for likes For all that we think we re getting out of social media we re also getting duped The perfection echo chamber oftentimes makes us feel like we re getting left behind The truth is life is messy but curated online fabulousness makes it hard to let our true selves show and it impedes our ability to have real meaningful connections Depression anxiety and suicide are also on the rise and the virtual world is partially to blame affecting our self worth our friendships and the way we choose to navigate our real lives As the founder and CEO of Squad an app company built on connectedness Isa Watson knows firsthand why we need to learn how to be more genuine The digital world is her lifeblood

but it s also been an Achilles heel She struggled privately with some of the biggest challenges life can throw at you while online she seemed to be living her best life earning high profile accolades taking fabulous trips and partying with the likes of many big name celebrities It took a personal crisis to make her realize that she needed to change In Life Beyond Likes she gets real sharing practical guidance on Getting over the addiction to likes and letting your true self shine Recognizing your own damaging habits and developing healthy ones Determining when a friendship has run its course Getting comfortable with discomfort in order to make real connections Drawing from a wealth of experiences including being the youngest published chemist in the world working as executive in the upper echelons at JPMorgan Chase and founding her own company Isa helps readers better understand what constitutes success identify what s really important and achieve a balance between the curated online world and the enriching emotionally nourishing world right in front of us
