Onink, 2012-08-06 ABOUT THE BOOK The most important thing to remember about my College Crossroads blog at Forbes.com is that my posts are different than what is typically written elsewhere on college planning and that is because I bring a rather unique perspective to this specialized area For almost twenty years I have specialized in helping families determine their best strategy to pay for college and doing so requires a rare knowledge of how four key areas must come together to form a family's best strategy College selection financial aid tax aid and personal resources College admissions and financial aid professionals know their respective areas well as do tax and financial advisors but virtually none have a solid grasp of the areas outside their own let alone how each area impacts the others for college planning purposes That's where I come in I have spent twenty years working with families and collaborating with these other professionals making it my business to make the connections gain the insights and innovate ways to help families determine their best strategy to pay for college and enjoy a Real Life Retirement My blog posts are less about what the latest studies or headlines say and more about what you really need to know I am about answers not more and more information If I think you need to know about a single topic in more detail I go to the experts on those topics and interview them in the context of the four key areas College selection financial aid tax aid and the use of your personal resources to pay your share of the cost with or without financial aid It keeps the focus on strategy and simplicity the best strategy to pay for the colleges that are the best fit Finally unless a student is independently wealthy getting a college degree is ultimately about getting a job The blog and this book cover that too ABOUT THE AUTHOR Troy Onink is a nationally known authority on college planning Troy has specialized in college planning for twenty years during which he pioneered this specialized field by integrating the areas of financial planning investing college admissions financial aid tax strategies and wealth management for the purpose of determining each family's best strategy to pay for college Troy views college as a tollbooth on the road to retirement and by having a strategy families choose the right exits pay the toll as wisely as possible and stay up to speed for retirement Troy is CEO of Stratagee.com the firm he co
