## **Morning Routine Romantasy S This Month:**

*The Little Book of Morning Routines* Krystian Szastok, 2019-12-23 Learn how you can take charge and transform your day through a simple minimum 5 minute morning routine. You will learn new ways to boost your energy in the mornings how to build your morning routine and how to stick to the habit of morning routines. Krystian Szastok has written this book based on his research and practice of morning routines over many years. He has been coached and mentored by extremely successful entrepreneurs and life coaches to maximise his everyday success and bring a mix of self discovery and motivation to your morning. The book doesn't just cover morning routines but also helps you discover your inner calling and add more purpose to your life. These qualities and accomplishments will bring you closer to others in your life and help you grow new relationships. From inside of the book Imagine if you could wake up get inspired get some exercise read meditate plan your day hydrate have your morning coffee work on your side projects and send messages to your loved ones all before the majority of the world is even awake. I did all this today as I'm writing this book by waking up at 4am and just doing it. You can accomplish these things too just start waking up 15 minutes earlier than you would usually take small steps. I used to wake up at 7am for a year because that felt like my absolute earliest due to climate. I wasn't functioning well it was way too hot in Asia for me. Who is this book for? If you're someone who wants to achieve more in your life this book is for you. If you're a freelancer or a business owner and you have a lot of daily responsibilities this book is for you. If you're in a relationship and want to connect better with your partner or if you're currently single this is a book for you. Whatever stage of life you're at or lifestyle you're leading adding morning routines will skyrocket your daily performance.

**Morning Habits for Ultimate Happiness** Luke Thybulle, 2021-12 See How Easy It Is To Create Empowering Habits For The Life You Want In today's era of instant gratification and short term satisfaction it seems that many people have all but forgotten the true essence of happiness. Many feel trapped in an endless cycle often settling for whatever life throws at them rather than relentlessly striving to be more and achieve more. Are you one of those people? Do you feel as if you are always on the verge of throwing in the towel because of an inability to escape the mundane? Perhaps a change in perspective is all you need. A lot of people resist change. And why not? One's comfort zone is something that is very difficult to leave. However have you ever wondered whether there may be something you are missing out on? Have you ever thought that maybe you only need to take one step further to finally break free of the mediocre? Then I have great news for you because this book contains all the answers you are looking for. Many people believe that happiness is just an abstract idea that is seemingly out of reach. But I will let you in on a secret: happiness is perfect achievable but only if you are willing to make a change and to make that change RIGHT NOW. You will be amazed at how simple modifications of your daily habits can change everything for you. This book will open your eyes to the possibilities that are just waiting for you to unlock simply by developing healthy morning habits that can reshape your views, your motivations and eventually even your reality.
