The Real Louis the Fifteenth Andrew Haggard,1906 *The Return of the Real* Hal Foster,1996-09-25 In *The Return of the Real* Hal Foster discusses the development of art and theory since 1960 and reorders the relation between prewar and postwar avant gardes Opposed to the assumption that contemporary art is somehow belated he argues that the avant garde returns to us from the future repositioned by innovative practice in the present And he poses this retroactive model of art and theory against the reactionary undoing of progressive culture that is pervasive today After the models of art as text in the 1970s and art as simulacrum in the 1980s Foster suggests that we are now witness to a return to the real to art and theory grounded in the materiality of actual bodies and social sites If *The Return of the Real* begins with a new narrative of the historical avant gard it concludes with an original reading of this contemporary situation and what it portends for future practices of art and theory culture and politics *The Real America in Romance ...* Edwin Markham,1912 *Return to Nature* Adolf Just,1912 **The Real Shelley** John Cordy Jeaffreson,1885 *The Lawyers Reports Annotated, Book 1-70* ,1905 **Reports of Cases Decided in the Supreme Court of the State of South Dakota** South Dakota.
