**The Red Battle Flyer** Freiherr von Manfred Richthofen, 2021-01-01 The Red Battle Flyer has evidently been carefully censored by the German authorities Also it has possibly been touched up here and there for propagandist purposes Consequently although the narrative as it stands is extraordinarily interesting the book as a whole is still more interesting on account of what one reads between the lines and of what one can deduce from the general outlook of the writer There is perhaps little to learn of immediate topical interest but there is much that explains things which were rather difficult to understand in the past and the understanding of such points gives one a line of reasoning which should be useful to our active service aviators in the future Preface The Red Battle Flyer Capt. *The Red Battle Flyer* Manfred Freiherr von Richthofen, 1918      *The Red Battle Flyer* Capt Manfred

Freiherr Von Richthofen, C. G. Grey, 2014-09-01 An autobiographical sketch by the famous WWI German fighter pilot known as the Red Baron published in the original German in 1917 This English translation appeared in 1918 [The Red Battle Flyer](#) Capt Manfred Freiherr Von Richthofen, 2017-10-27 That is the answer to those who ask as an important official gentleman asked recently why this English translation of Rittmeister von Richthofen's book should be published It gives our flying people an opportunity of comparing notes with one of Germany's star turn fighting pilots just as that excellent book by Contact gives the Germans the chance of gathering the atmosphere of the Royal Flying Corps as it was in 1916 and 1917 The Red Battle Flyer has evidently been carefully censored by the German authorities Also it has possibly been touched up here and there for propagandist purposes Consequently although the narrative as it stands is extraordinarily interesting the book as a whole is still more interesting on account of what one reads between the lines and of what one can deduce from the general outlook of the writer *The Red Battle Flyer* Manfred Freiherr von Richthofen, 2015-04-25 of harm The older hands in these days are not easily caught by such a trick and the High Command refuses to count any victims so claimed unless the performance is verified by independent witnesses either on the ground or aloft Another point of interest in von Richthofen's fighting methods is that he states that as a rule he opens fire at 50 yards Distances are hard to judge in the air The pilot is more likely to underestimate them than otherwise just as one does in judging distances at sea But von Richthofen is probably as good a judge as any and in this he seems to be stating a plain fact In these days 50 yards is fairly long range Some of our own crack fighters prefer 50 feet if they can get into their favorite positions Anyhow he shows the unwisdom of opening fire at 1 000 yards as some inexperienced and excited machine gunners are rather apt to do **The Red Battle Flyer** Manfred Freiherr von Richthofen, 1918 **The Red Battle Flyer - the Original Classic Edition** Manfred Freiherr Von Richthofen, 2013-03-01 Finally available a high quality book of the original classic edition of The Red Battle Flyer It was previously published by other bona fide publishers and is now after many years back in print This is a new and freshly published edition of this culturally important work by Capt Manfred Freiherr von Richthofen which is now at last again available to you Get the PDF and EPUB NOW as well Included in your purchase you have The Red Battle Flyer in EPUB AND PDF format to read on any tablet eReader desktop laptop or smartphone simultaneous Get it NOW Enjoy this classic work today These selected paragraphs distill the contents and give you a quick look inside The Red Battle Flyer Look inside the book Taking him by and large one rather likes von Richthofen and one fancies that most of the R F C people who have fought him would be quite pleased after the war to sit at table with him and compare notes over the cigarettes and liquors as my Naval friend wants to do with his pre war friends of the German Navy It is rather curious that some time after emphasizing the fact that trickery does not pay in air fighting von Richthofen should show how trickery does pay by describing his young brother Lothar's trick of pretending to be shot and letting his machine fall apparently out of control so as to break off a fight with opponents who were above his weight **The Red Battle Flyer (Classic Reprint)** Manfred Freiherr von

Richthofen, 2017-09-16 Excerpt from The Red Battle Flyer It is one of the accepted facts of the war that the German aviators have displayed greater chivalry than any other branch of the German services It was a common occurrence for their pilots to fly over our lines in the course of their business and by way of variety from that business to drop packets containing letters from captured British aviators or the personal belongings of the dead One gathers that these acts of courtesy have become less frequent of late owing to the intensification of aerial warfare but it seems that captured and killed aviators still receive the full courtesies of war from the German aviators whatever may be the fate of prisoners in other hands afterwards About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
