Glen O. Gabbard

The Many Faces Of Eros A Psychoanalytic Exploration Of Human Sexuality:

The Many Faces of Eros Joyce McDougall, 1995 Human sexuality is inherently traumatic Thus begins this fascinating psychoanalytic study As Joyce McDougall convincingly demonstrates the psychic conflicts arising from the tensions between the inner world of primitive instinctual drives and the constraining and denying forces of the external world begin in earliest infancy and have ramifications throughout life Consequently psychoanalysis has a specific contribution to make to the study of aberrations in core gender as well as to the understanding of psychic conflict concerning sexual identity and the quest for love

Oedipal Experiences in Same-Sex Families Yifat Eitan-Persico, 2024-04-18 This book updates the Oedipus complex for a contemporary audience in the light of social and cultural changes and explores its implications for psychoanalytic treatment and our understanding of queer families Growing evidence during the past few decades indicates that children who grow up in same sex families adapt well These findings which do not conform to the predictions of Oedipal theory expose the theory's biases and call for reexamination of its premises This book based on ground breaking research and pursues a methodical investigation of the characteristics of the same sex families that defy the expectations of Oedipal theory Furnished with vivid illustrations it invites the reader to engage actively in the interpretive effort and presents a diverse and complex story about kinship opening a window onto a rich world of infantile phantasies and parents psychological conflicts at the fascinating intersection of the personal and the social Oedipal Experiences in Same Sex Families will appeal to psychoanalysts psychotherapists educators and policymakers same sex parents and parents who were assisted by gamete donation

Identity, Gender, and Sexuality Peter Fonagy, Rainer Krause, Marianne Leuzinger-Bohleber, 2018-05-08 While Freud opened the door on the formative and motivating power of sexuality contemporary psychoanalysts with some notable exceptions have consigned sexuality to the psychoanalytic closet This book not only reopens the door on the broad subject of psychosexuality but also provides fresh insights into heterosexuality bisexuality homosexuality gender identity disorder

The Ship of Dreams Alistair Fox,2008 This is the first critical study to investigate at length how masculine subjectivities are represented in contemporary New Zealand fiction Notoriously self contained and private Kiwi men are often reluctant to talk about their personal feelings and embarrassed at the thought that any private emotional difficulties could be exposed to critical examination One must go to their imaginative literature to make contact with the reality that underlies the often calculatedly deceptive surface In his investigation of these issues author Alistair Fox demonstrates the crucial importance of Pakeha and Maori cultural predispositions influencing masculine identity in New Zealand often at the cost of great psychic pain for the men involved
