Lipman* Simcha Kling,Lily Edelman,197?      **The Jewish Reformation** Michah Gottlieb,2021 In the century and a half beginning with Moses Mendelssohn s pioneering translation and the final one by Martin Buber and Franz Rosenzweig German Jews produced sixteen different translations of at least the Pentateuch Exploring translations by Moses Mendelssohn Leopold Zunz and Samson Raphael Hirsch Michah Gottlieb argues that each articulated a middle class Judaism that was aligned with bourgeois Protestantism seeing middle class values as the best means to serve God and the authentic actualization of Jewish tradition      Jewish Concepts of Scripture Benjamin D Sommer,2012-10-29 What do Jews think scripture is How do the People of the Book conceive of the Book of Books In what ways is it authoritative Who has the right to interpret it Is it divinely or humanly written And have Jews always thought about the Bible in the same way In seventeen cohesive and rigorously researched essays this volume traces the way some of the most important Jewish thinkers throughout history have addressed these questions from the rabbinic era through the medieval Islamic world to modern Jewish scholarship They address why different Jewish thinkers writers and communities have turned to the Bible and what they expect to get from it Ultimately argues editor Benjamin D Sommer in understanding the ways Jews construct scripture we begin to understand the ways Jews construct themselves      Original Christianity Peter Novak,2005-09-29 Offers more information about the first century world of early Christians asking Could Christ s original teachings have truly been lost Foreword Reviews Whoever finds the interpretation of these sayings will not experience death from the Gospel of Thomas The work of scholars such as Elaine Pagels and Marvin Meyer have captured the imagination of the public by setting forth the Gospel of Thomas and other lost teachings of Jesus Now Peter Novak in Original Christianity brings forth a critical element essential for fully understanding these scriptures Novak argues that the authors of these early texts subscribed to the Binary Soul Doctrine an ancient belief system that allows for both reincarnation and an eternal afterlife Novak s interdisciplinary approach offers fresh insights on the beliefs and politics of the early church founders He points out that reincarnation was a commonly held Christian belief until it was voted out of official Christianity and the record expunged This newfound key reveals the true identities of many mysterious Biblical figures such as Lazarus Barabbas Judas and especially the Apostle Thomas who may not only have been Jesus identical twin brother but indeed a second Christ in his own right who lived to produce a genetically identical bloodline More important still the rediscovery of the lost theology of Original Christianity means Christ s central message of personal integrity can again take center stage      The Vanguard ,1928      The National Jewish Monthly ,1977      **Studies in Judaism** Solomon Schechter,1896      **CREATION Seeking THE CREATOR** Elizabeth Abraham,2014-08-15 What is mysticism Is there anything similar in the spiritual lives of people despite the distinct differences and variety of organised religious traditions Are the mystics useless to humanity on
