daughter's horse. She can't possibly be falling for the handsome new groom at her daughter's stable. He's too young for her, isn't he? Although he may be a true gentleman, there's something secretive about him. Then tragedy strikes, endangering Carrie's daughter. Carrie married once before for her daughter's sake. Is she willing to risk her heart a second time when Jay offers a tantalizing proposition? Jay's always wanted to be loved for himself, not his millions, but the shy widow and her little daughter need him. Can a marriage of convenience prove that a California millionaire can be the perfect Kentucky groom? The Bluegrass Reunion series. Contemporary romances about second chances that can be read as standalone novels with happily ever after endings and no cliffhangers. *Kentucky Cowboy* Jan Scarbrough, 2019-02-14. Professional bull rider Judd Romeo defies death for a living, but there's no escaping his grief when he returns home to settle his mother's estate after her death. She's the only one who encouraged him in his pursuit of his exhilarating but dangerous career. Going home means confronting his past, including the one woman he's never forgotten. Maybe it's time to extinguish the torch he's carried too long. Veterinarian Mandy Sullivan doesn't have room in her life for dangerous risk takers. She's too busy being both mother and father to the daughter her sister abandoned. But it's impossible to ignore it when trouble shows up right next door in the all-too-sexy shape of her former beau. She'd walked away from his piercing blue eyes and bad boy smile once. Can she do it again? Judd's high school sweetheart may still be as pretty as a perfect eighth-second ride, but she hadn't been willing to stick it out in the past when the ride got rough. Mandy knows how to handle wounded animals, but falling for a man with a wounded heart may be too great a risk to take. Is she willing to grab a second chance and let a Kentucky cowboy ride away with her love? *The Athabasca Project* Caitlin Demaris McKenna, 2024-08-25. Extinction is no longer forever. Genetic scientist Zahra Mir has never even kept a cat. In the fast-paced genetic engineering industry, pets aren't compatible with her career ambitions. Especially when the US military offers her the chance of a lifetime: a project to resurrect an extinct raptor species, the *deinonychus*, for use in special forces units. Despite her misgivings about the military's plan, Zahra can't resist the challenge of recreating the dinosaurs. But as the raptors mature, they become more than a project to her. One raptor, in particular, Singer, impresses Zahra with her curiosity and intelligence. Aided by the animal handler in charge of the raptors' care, Zahra does her best to teach them about the world they've been brought into. But a brutal training exercise reveals the military wants to turn them into weapons and use her research to make monsters. If Singer and the other raptors are going to have a future, Zahra must find a way to free them from the army's control. The price of success might be her own freedom. *The Athabasca Project* is a hard science fiction thriller with themes of genetic engineering, perfect for fans of David Brin and Michael Crichton.
