KUSTER,2023-06 Updated version of an Orbis classic a study of the contextualization of Christology with special focus on Africa Latin America and Asia This edition will include a new introduction updating developments in the field and a new chapter on Feminist Christology **The Many Faces of Jesus Christ** Volker Küster,2001 This work offers a compendium of different christologies from Africa Asia and Latin America and in so doing provides a good introduction to the theologies of the Third World generally But it is more than an encyclopaedic account it asks what these christologies have in common and where they differ and what they mean for ecumenism Some of the figures discussed here like M M Thomas and Stanley Samartha from India or C S Song from Taiwan and Kosuke Koyama from Japan Leonardo Boff and Jon Sobrino from Latin America James Cone from the USA and Alan Boesak from South Africa may be familiar But there are also many new and significant names particularly from Africa where new titles for Christ are being created which seek to express the significance of Jesus in the categories of African thought There are also accounts of Korean Minjung theology Indian Dalit theology and Japanese Burakumin theology expressing the pictures of a suffering Christ created by a suffering people **An Introduction to Theology in Africa and the**

**Kpeleological Foundations of Christian Theology** Charles Amarkwei,2021-10-12 In this book African Christian theology is introduced as a Kpeleological reflection about life in the context of Africa which exists in the context of the cosmos Kpeleology is the ontological mode of being grasped by the agape of God in Christ by grace through faith in the power of the Holy Spirit By this mode African theology is introduced by way of a definition a principle of paradox and a description as well as a critical view of the works of African theologians It examines the issues of method criteria and sources of doing theology in Africa and introduces the method of Kpeleology as an African theological method This is explored further as a holistic theological method that is conscious of its being in existence and its life in history that is driven by faith in the triune God in a pneumatic experience that has been termed in this book as the Kpeleological ontological mode The book is ecumenical in view of its engagement with Christian tradition It presents a Kpeleological theology that is concretely African and universally Christian in the Okpelejen Wulormor the cosmic Jesus Christ who is and was but beyond the munus triplex Priest King and Prophet threefold office of Jesus Christ that is to come Hence it is a theology which embraces elements of Reformed Lutheran Methodist Pentecostal Charismatic Roman Catholic and Eastern Orthodox theological insights in the African context **An**

**Introduction to the Theology of Religions** Veli-Matti Kärkkäinen,2009-08-20 How does Christianity relate to other religions Beginning with a consideration of the biblical perspective Veli Matti Kärkkäinen offers a detailed and comprehensive survey of the diverse explanations proposed by teachers of the church down through the ages This indispensable guide is for anyone seeking to grasp Christianity's relationship to world religions **Why Evangelical Theology Needs the Global**

**Church** Stephen T. Pardue, 2023-08-22 Christianity Today 2024 Award of Merit Missions Global Church Christian theologians and students are aware that evangelicals in the Majority World now outnumber those in North America and Europe and many want to know more about emerging voices in the global church At the same time these voices are largely absent from Western evangelical theology Stephen Pardue seeks to bridge this divide by arguing biblically and theologically that it is imperative for Western evangelical theology to engage with the global church and he provides examples of how this can be done Case studies throughout the book illustrate opportunities for fruitful engagement with non Western theology in various areas of Christian doctrine Readers will be given an introduction to the riches available within the worldwide body of Christ and learn how to engage productively with the global church *Emmanuel Levinas' Conceptual Affinities with Liberation Theology* Alain Mayama, 2010 Emmanuel Levinas Conceptual Affinities with Liberation Theology analyzes Levinas work in relation to two important liberation theologians Gustavo Guti rrez and Jon Sobrino whose scholarship like his needs to be brought into greater contemporary debate about the subject s encounter with the other More specifically this book argues that for Levinas Guti rrez and Sobrino commitment to the neighbor is the necessary context for understanding God They posit the human other as the possibility of the subject s subjectivity To be human is to act with love toward one s neighbor Thus the author articulates the possibility of reading Levinas philosophy as a revalidation of one of the truths of Christianity the concern for the humanity of every human person as expressed in Christian theology in general and liberation theology in particular In order to show the relevance of Levinas philosophy for Christian theology in general the author discusses three Christian scholars Enrique Dussel Jean Luc Marion and Michael Purcell Although they challenge some aspects of Levinas philosophy they nevertheless see its significance for Christian theological anthropology The discussion concludes by proposing Levinas philosophy and liberation theology s turn to the neighbor as significant for addressing contemporary socio political and ethnic conflicts in sub Saharan Africa *Global Dictionary of Theology* William A. Dyrness, Veli-Matti Kärkkäinen, 2009-10-25 Theological dictionaries are foundational to any theological library But until now there has been no Global Dictionary of Theology a theological dictionary that presumes the contribution of the Western tradition but moves beyond it to embrace and explore a full range of global expressions of theology The Global Dictionary of Theology is inspired by the shift of the center of Christianity from the West to the Global South But it also reflects the increase in two way traffic between these two sectors as well as the global awareness that has permeated popular culture to an unprecedented degree The editorial perspective of the Global Dictionary of Theology is an ecumenical evangelicalism that is receptive to discovering new facets of truth through listening and conversation on a global scale Thus a distinctive feature of the Global Dictionary of Theology is its conversational approach Contributors have been called on to write in the spirit of engaging in a larger theological conversation in which alternative views are expected and invited William A Dyrness Veli Matti K rkk inen Juan F Martinez and Simon Chan edit approximately 250 articles written by over 100 contributors representing the global spectrum

of theological perspectives Pastors theological teachers theological students and lay Christian leaders will all find the Global Dictionary of Theology to be a resource that unfolds new dimensions and reveals new panoramas of theological perspective and inquiry Here is a new launching point for doing theology in today s global context *Jesus Christ, the Ancestor of Humankind* Charles Nyamiti,2006 **Christology** Anne M. E. Brinkman,2009 The centre of gravity of contemporary Christianity has shifted to the southern hemisphere However except in South America almost all Christians in the southern hemisphere are minorities in their home countries This book uses the concept double transformation as a guideline in the description of the genesis of this theology **Brave Heart of Jesus** Joe Egan,2004 A critical look at Mel Gibson s film The Passion of the Christ **The Catholic Periodical and Literature Index** ,2004 **The Future of the Christian Tradition** Robert Joseph Miller,2007 What is the future of the Christian tradition as it confronts the challenges and opportunities of the global age That question addressed by authors from around the globe leads in turn to more questions What elements of a traditional Christian faith can be carried forward in an authentic contemporary faith The Bible as Sacred Scripture Life after death Sin and guilt Reward and punishment How do we make an earth centered vision the heart of a faith for the second axial age And many more Contributors include John Shelby Spong Episcopal Bishop Emeritus of Newark New Jersey Robert W Funk Founder of the Jesus Seminar Eugenie Scott Director of the Center for Science Education Richard Holloway Bishop of Edinburgh Lloyd Geering Emeritus Professor of Victoria University of Wellington New Zealand Don Cupitt former Dean of Emmanuel College Cambridge England Anne Primavesi Fellow of the Centre for the Interdisciplinary Study of Religion Birkbeck College University of London and Fellows of the Jesus Seminar

*Elenchus of Biblica* Maria J. Schoenmaeckers,Robert Althann,2004-12-20 Le 23 novembre 1964 jour de la promulgation de Lumen Gentium la constitution dogmatique sur l Eglise marque un evenement c est la premiere fois dans l histoire de l Eglise qu une assemblée de la Sainte Eglise s exprime solennellement sur la vie consacrée Le sixième chapitre de la constitution traite de la signification et de l essence de la vie religieuse la reliant au mystère de l Eglise peuple de Dieu Ce texte conciliaire présente la vie religieuse comme un état canonique celui du chrétien qui tend dans un institut de perfection à la charité parfaite et consacre sa vie à Dieu et aux hommes par la profession des conseils évangéliques de chasteté

pauvrete et obeissance De toute evidence cette declaration doctrinale est importante pour l Eglise et pour le developpement de la vie consacree dans l Eglise En lisant Lumen Gentium on est assez vite frappe par le debut abrupt du sixieme chapitre sur les religieux car tous les autres chapitres s ouvrent par une breve introduction Cependant on ne peut deracher ce chapitre de ce que a ete dit precedemment sur la vocation universelle a la saintete En fait l histoire du texte fait clairement ressortir le lien qui unit ces chapitres     **African Christian Theology in the Contemporary Context** Peter Wasswa Mpagi,2002
