The Midwestern Caliphate:

The Midwestern Caliphate Frank Kreml, 2014-06-05 How does a Christian living in what was once the Midwest United States live as a child of God in an Islamic controlled world Both coasts of the former United States have been destroyed and made uninhabitable by Islamic terrorists with nuclear weapons Now the habitable Midwest is part of the Islamic Superstate with headquarters in Cairo Egypt St Louis is the ruling center of the Midwestern Caliphate Just across the Mississippi is Belleville a city in the former state of Illinois Here is where Bill Maserek a high school English teacher and sincere Christian must come to grips with his place and mission in this new world There are friends some within his own fellowship who are seeking a violent overthrow of the government Others want to peacefully coexist with their Islamic neighbors becoming leaven for the dough of their society Those who confess Jesus Christ as Lord find comfort guidance and strength in God's Word Dear friends do not be surprised at the fiery ordeal that has come on you to test you as though something strange were happening to you But rejoice inasmuch as you participate in the sufferings of Christ so that you may be overjoyed when his glory is revealed If you are insulted because of the name of Christ you are blessed for the Spirit of glory and of God rests on you However if you suffer as a Christian do not be ashamed but praise God that you bear that name 1 Peter 4 12 16 The seventh angel sounded his trumpet and there were loud voices in heaven which said The kingdom of the world has become the kingdom of our Lord and of his Messiah and he will reign for ever and ever Revelation 11 15

A Political History of the World Jonathan Holslag, 2018-10-25 A three thousand year history of the world that examines the causes of war and the search for peace In three thousand years of history China has spent at least eleven centuries at war The Roman Empire was in conflict during at least 50 per cent of its lifetime Since 1776 the United States has spent over one hundred years at war The dream of peace has been universal in the history of humanity So why have we so rarely been able to achieve it In A Political History of the World Jonathan Holslag has produced a sweeping history of the world from the Iron Age to the present that investigates the causes of conflict between empires nations and peoples and the attempts at diplomacy and cosmopolitanism A birds eye view of three thousand years of history the book illuminates the forces shaping world politics from Ancient Egypt to the Han Dynasty the Pax Romana to the rise of Islam the Peace of Westphalia to the creation of the United Nations This truly global approach enables Holslag to search for patterns across different eras and regions and explore larger questions about war diplomacy and power Has trade fostered peace What are the limits of diplomacy How does environmental change affect stability Is war a universal sin of power At a time when the threat of nuclear war looms again this is a much needed history intended for students of international politics and anyone looking for a background on current events

American Caliph Shahan Mufti, 2022-11-22 One of Publishers Weekly's Best Nonfiction Books of 2022 A New York Times Book Review Editors Choice The riveting true story of America's first homegrown Muslim terror attack the 1977 Hanafi siege of Washington DC On March 9 1977 Washington DC came under attack Seven men stormed the

headquarters of B'nai B'rith International quickly taking control of the venerable Jewish organization's building and holding more than a hundred employees hostage inside. A little over an hour later three more men entered the Islamic Center of Washington, the country's biggest and most important mosque, and took hostages there. Two others subsequently penetrated the municipal government's District Building, a few hundred yards from the White House. When the gunmen there opened fire, a reporter was killed and city councilor Marion Barry, later to become the mayor of Washington DC, was shot in the chest. The deadly standoff brought downtown Washington to a standstill. The attackers belonged to the Hanafi movement, an African American Muslim group based in DC. Their leader was a former jazz drummer named Hamaas Abdul Khaalis, who had risen through the ranks of the Nation of Islam before feuding with the organization's mercurial chief Elijah Muhammad and becoming Kareem Abdul Jabbar's spiritual authority. Like Malcolm X, Khaalis paid a price for his apostasy: in 1973 seven of his family members and followers were killed by Nation supporters in one of the District's most notorious murders. As Khaalis and the hostage takers took control of their DC targets, four years later they vowed to begin killing their hostages unless their demands were met: the federal government must turn over the killers of Khaalis's family, the boxer Muhammad Ali, and Elijah's son Wallace, so that they could face true justice. They also demanded that the American premiere of *Mohammad Messenger of God*, a Hollywood epic about the life of the prophet Muhammad, financed and supported by the Libyan leader Muammar Gaddafi, be canceled and the film destroyed. Shahan Mufti's *American Caliph* gives the first full account of the largest ever hostage taking on American soil and of the tormented man who masterminded it. Informed by extensive archival research and hundreds of declassified FBI files, *American Caliph* tracks the battle for control of American Islam, the international politics of religion and oil, and the hour-to-hour drama of a city facing a homegrown terror assault. The result is a riveting true crime story that sheds new light on the disarray of the 1970s and its ongoing reverberations. [Solve Gorgoni](#) Pierre V.

Comtois, 2023-09-15 When duty calls wedded Military Intelligence Science Agents Jules Santos and Manda Mooney have no choice but to accept knowing that they may be the only ones standing between the Terran Consortium and its total destruction. At least those were the stakes in previous missions. This time, however, they face a different kind of challenge: a sociological, political threat promoted by a madman intent on reviving a deadly ideology from the past, one so toxic that it cost the lives of millions in centuries past. To prevent a repetition of such a tragedy, the total breakdown of Terran society, Jules and Manda risk their lives as they follow twin trails from Earth to the edge of known space to stop the new plague from engulfing mankind.
