The Mission Of Demythologizing Rudolf Bultmanns Dialectical Theology:

The Mission of Demythologizing David W. Congdon, 2015 Rudolf Bultmann's controversial program of demythologizing has been the subject of constant debate since it was first announced in 1941. It is widely held that this program indicates Bultmann's departure from the dialectical theology he once shared with Karl Barth. In the 1950s Barth thus referred to their relationship as that of a whale and an elephant incapable of meaningful communication. This study proposes a contrary reading of demythologizing as the hermeneutical fulfillment of dialectical theology on the basis of a reinterpretation of Barth's theological project.

Congdon, 2015-11-02 Rudolf Bultmann is one of the most widely known but least read theologians of the twentieth century. He is famous as the one who demythologized the New Testament, but very few understand what he meant by this or how his hermeneutical program connects to the other areas of his theological project. Bultmann presents a unique challenge to readers not only because of his radical theological inquiry but also because of the way his ideas are worked out over time primarily through short occasional writings that present complex issues in a disarmingly straightforward manner. In this introduction to his theology, the first of its kind in more than twenty years, David W. Congdon guides readers through ten central themes in Bultmann's theology, ranging from eschatology and dialectic to freedom and advent. By gaining an understanding of these themes, students of Bultmann will have the necessary tools to understand and profit from his writings. The result is not only an accessible guide for those encountering Bultmann for the first time but also a cohesive systematic presentation of his thought for those wondering how his work might speak to our current context.

The Oxford

Handbook of Friedrich Schleiermacher, 2023-11-22 Schleiermacher is now regarded as an influential figure in the history of Christian thought theories and methods in religious studies and hermeneutics The German language critical edition of his work beginning in 1980 Schleiermacher Kritische Gesamtausgabe and English translations of key portions of his corpus beginning in the late nineteenth century have allowed scholars to investigate the richness of his thought German scholars have often focused on Schleiermacher's ties to early modern philosophy his aesthetics hermeneutics and theory of religion while English speaking scholars have often focused on the theological influences and implications of Schleiermacher's work Over the last 30 years both German and Anglophone scholars have been at work translating and analyzing key texts This Handbook gathers authoritative interpretations of Schleiermacher's work from both German and English speaking scholars bringing together the best that Schleiermacher scholarship has to offer The chapters are divided into three parts The first part offers a clear and nuanced understanding of Schleiermacher's own historical and intellectual context The second part presents a close analysis of the structure and content of Schleiermacher's thought in relation both to questions of method and particular theological themes and to broader inquiries in philosophy and the humanities The third part provides an

examination of the reception of his thought and of its contemporary implications for theology and the study of religion

W. F. Hegel Dietrich Bonhoeffer Rudolf Bultmann Martin Heidegger and Karl Barth Despite the diversity of their own backgrounds and interests the contributors to *The Freedom of Christian Theology* New Studies in Dialogue with Eberhard Jüngel all share the conviction that Jüngel's legacy lends itself to the same kind of constructive engagement that Jüngel himself practiced The essays offered here bring Jüngel's many sided contributions to bear on the theological philosophical and social challenges of today Each is an attempt to grapple in the spirit of Eberhard Jüngel with the mysteries of today's world which no less demand analytical care and penetrating insight As an ongoing conversation with Jüngel the essays model the freedom and joy of Christian theology to reflect on the world's complexities out of the riches of the Christian tradition

Taylor, 2020-09-22 The Bible is meant to be read in the church by the church as the church Following the example of Dietrich Bonhoeffer Derek Taylor argues that we should regard the reading of Scripture as an inherently communal exercise of discipleship In conversation with other theologians Taylor shares how this approach to Scripture can engender a faithful hermeneutical community

An Introduction to the Theology of Rudolf Bultmann Walter Schmithals, 1968 The theology of Rudolf Bultmann one of the most important theologians of the 20th century is clearly and brilliantly expounded in this volume The material derives from lectures which D Schmithals professor at the University of Marburg Germany delivered on the occasion of Bultmann s 80th birthday It is the first introduction written on the more popular level to the whole of Bultmann s theological thought Addressed to an audience of widely differing backgrounds the material sets forth Bultmann s thought with particular vividness making full use of quotations from his works After an opening chapter in the form of a short biography the rest of the book covers all aspects of Bultmann s work Controversial issues such as the program of demythologizing and the possibility of knowledge about the historical Jesus have their prominence but they are set in a proper context The reader is reminded that Bultmann is also a distinguished New Testament scholar and full attention is paid to his exposition of Paul and John as well as to his background in the dialectical theology of the 1920 s and to the basic principles which underlie his whole approach Here is biblical theology in the fullest sense In this light Bultmann s notorious scepticism is understood in its proper perspective His intention the reader will discover is to serve the church of Jesus Christ Dr Schmithals was a pupil of Bultmann and Bultmann himself has said that this is the best book to

have been written on his own theology If clarity alone can produce understanding then here is a notable contribution to the current debate Publisher **The God Who Saves** David W. Congdon, 2016-09-08 Christian universalism has been explored in its biblical philosophical and historical dimensions For the first time The God Who Saves explores it in systematic theological perspective In doing so it also offers a fresh take on universal salvation one that is postmetaphysical existential and hermeneutically critical The result is a constructive account of soteriology that does justice to both the universal scope of divine grace and the historicity of human existence In The God Who Saves David W Congdon orients theology systematically around the New Testament witness to the apocalyptic inbreaking of God s reign The result is a consistently soteriocentric theology Building on the insights of Rudolf Bultmann Ernst Kasemann Eberhard Jungel and J Louis Martyn he interprets the saving act of God as the eschatological event that crucifies the old cosmos in Christ Human beings participate in salvation through their unconscious existential cocrucifixion in which each person is interrupted by God and placed outside of himself or herself Both academically rigorous and pastorally sensitive The God Who Saves opens up new possibilities for understanding not only what salvation is but also who the God who brings about our salvation is Here is an interdisciplinary exercise in dogmatic theology for the twenty first century **Dialectical Theologians** Christophe Chalamet, 2004-08-01 Karl Barths und Rudolf Bultmanns Theologien sind in ihrer Nähe und Distanz als eigenständige Weiterführungen der Theologie Wilhelm Herrmanns zu deuten das ist die These dieses Buches Es gibt keinen vor dialektischen Barth oder Bultmann sondern verschiedene Phasen ihrer dialektischen Theologie Als Schüler Herrmanns waren sie von Anfang an dialektische Theologen nämlich Theologen in der Spannung von Gesetz und Evangelium in der Dialektik des Deus absconditus et revelatus des Gerichts und der Gnade Gottes Deswegen konnte Bultmann um 1922 in die Nähe der neuen theologischen Bewegung kommen Aber weil die Dialektik Barths eine Umwandlung der Theologie Herrmanns war konnte Bultmann als treuer Schüler Herrmanns ihm nicht folgen Unter Berücksichtigung von umfangreichem unveröffentlichtem Material aus dem Baseler Karl Barth Archiv und dem Bultmann Nachlass in Tübingen unternimmt die Studie den Versuch die Wurzeln der dialektischen Theologie bei Wilhelm Herrmann zu zeigen erster Teil die Debatte zwischen Barth und Bultmann im Lichte von Herrmanns Theologie zu verstehen zweiter Teil und die konkreten Konsequenzen aus der Dialektik des Deus absconditus et revelatus bei Bultmann und Barth darzustellen dritter Teil nämlich unter anderem die Auseinandersetzung mit der natürlichen Theologie Barth und das Programm der Entmythologisierung Bultmann **Varieties of Christian Universalism** David W. Congdon, 2023-11-07 Christian universalism has become a subject of fierce debate in recent years Numerous works have been published on the topic and it can be difficult for readers to recognize the breadth of possible approaches While universal salvation is often boiled down to and dismissed as a single idea that God saves all people this oversimplification masks the variety of theologies that reach this conclusion in ways that are not always compatible Christian universalism is actually an umbrella of different theological interpretations of the idea that all people will be saved In this book leading experts on universal salvation David

W Congdon Tom Greggs Morwenna Ludlow and Robin A Parry provide a concise guide to four distinct approaches patristic evangelical post Barthian and existential The contributors who have each written extensively on Christian universalism highlight distinct approaches that emphasize different theological values The book will be useful as a textbook for students of theology especially those training for ministry and as a resource for anyone seeking a more well rounded understanding of Christian universalism **Theology** ,1968 Andover Newton Quarterly ,1965 Sept issue is the Andover Newton catalog
