

The background of the book cover is a dark, textured landscape. In the lower-left foreground, there is a small, glowing fire or campsite. The upper half of the cover is filled with a dark, star-filled sky, with many small, glowing stars scattered across it, suggesting a night sky over a natural setting.

The Moon Reflected Fire:

The Moon Reflected Fire Doug Anderson,2015-11-01 Of The Moon Reflected Fire and its subject the Vietnam War poet James Tate writes These are trenchant wrenching poems With artistry and honesty they perform an inquest into war and its corrosive after effects

Dismantling Glory Lorrie Goldensohn,2003 Dismantling Glory deals with the poetry written about the honors and horrors of battle by the very soldiers who put their lives on the line Focusing on American and English poetry from World Wars I and II and the Vietnam War Lorrie Goldensohn presents the move from a poetry largely bound to trench warfare to a global war poetry dominated by air power invasion and occupation Civilians prisoners and children enter this poetry in new and compelling ways as do issues of race and gender changing and complicating the representation of war and expanding the scope of antiwar thinking

The Madness of It All W.D. Ehrhart,2010-07-27 I cannot begin to count the number of times over the past 37 years that I have wished I had never heard of Vietnam let alone fought in the Vietnam War That experience has haunted my days It has troubled my nights It has shaped my identity and colored the way I see the world and everything in it from the Preface W D Ehrhart called one of the great poets and writers of nonfiction produced by the Vietnam War by The Nation here presents 43 essays whose topics include not only the Gulf Vietnam and Korean wars the conflict between Israel and Palestine war and journalism and American war poetry but also junk mail the Internet the IRS

tugboats drawbridges race relations the justice system health care small town life in America nicotine addiction the bravado of youth honesty and American culture the rhetoric of national mythology and presidential isolation among others

Harvey-Gibson, 1928 The Discovery of the Ark of the Covenant Alan Wilson, Barum Blackett, 2007-08-29 British history records that there were two major migrations from the Near East into Britain in antiquity. One was the fleet migration from Syria led by Albyne around 1560 BC and the other was the second fleet migration from the Trojan Dardanelles areas in Western Turkey led by Brutus around 504 BC. Ancient alphabet inscriptions and other tangible and written records show that the second migration was that of the Ten Tribes of Israel. The same ancient Alphabet is found all the way along the British migration routes from Palestine to Assyria through Asia Minor to the Aegean and to Etruscan Italy and Rhaetian Switzerland. In Britain the Ten Tribes were known as the Khumry. This research began in 1976 some 31 years ago and it has met with nothing but opposition and obstruction. Around 1360 BC Moses has the fabulous box called the Ark of the Covenant made. This holy box was the national talisman of the Hebrew nation. It was revered as the place of the presence of the god Yahweh and the most holy thing belonging to the Hebrew nation. A series of events that included the Ark being seen as an invincible means of military success and in one disaster being captured by the Philistines ended when King David placed the Ark in the care of the family of Obed Edom and he took the Ark to Jerusalem around 975 BC along with the family of Obed Edom. The next King was Solomon and he built a celebrated temple in Jerusalem to house the Ark where annually the high priest entered the holy of holies chamber to serve the divine box. Nothing much is said of the Ark until c 790 BC the Judean King Ahaziah attacked the Israelite King Jehoash and was totally defeated. The victorious Jehoash then went to Jerusalem where he took everything from the palace and everything from the temple and he also took away the family of Obed Edom who are the family mentioned several times in the Bible as guardians of the Ark. Guardians of the Ark. Therefore Jehoash removed the Ark from Jerusalem and took it north to Samaria. Nothing is said in the Biblical record of the Ark being anywhere near Jerusalem after this event in circa 790 BC. In 740 736 BC the Judean King Ahaz paid a huge bribe to the Assyrian Emperor Tiglathpilesar III to attack King Pekah of Ten Tribe Israel and as a result Israel was totally crushed by the Assyrian army. A large number of Israelite nobles and leaders were immediately deported north to areas around Harran from where the patriarch Abraham has

begun his migrations In successive campaigns by the Assyrian emperors Shalmaneser IV Sargon II and Sennacherib great numbers of the Israelite nation were deported north and up into the areas north of Harran In 702 BC Sennacherib recorded how he deported 200 120 people in one mass exodus The Assyrian records unmistakably and persistently call the Ten Tribes as the Khumry It is a virtual certainty that these deported Ten Tribes took the Ark with them from Israel Sennacherib was murdered by two of his sons in c 687 BC and civil war Convulsed the Assyrian Empire and as the heir Esarhaddon fought the murders the massed Ten Tribes took the opportunity to move westwards across both the upper branches of the Y shaped Euphrates river as described in the Book of Esdras II They moved slowly and unstoppably through Siasia Minor and the Greeks recorded their migration as that of the Kimmerio Khumry There is a record of the Khumry having the Ark with them on this journey from north of Assyria through Asia Minor and to the Dardanelles Finally around 650 BC the nation split into tow and one half migrated to Italy whilst the other half remained in the areas around Byzantium until circa 504 BC when they gathered on the island of Lemnos before sailing to Britain in the fleets An inscribed stone that was found on Lemnos in 1876 and now in the Athens museum that records this gathering and the intent to sail to Britain Either the Ark was taken to Etrurian Italy in circa 650 BC or it remained near the Dardanelles until around 504 BC before being brought into Britain The fact is that the Greal or Holy Greal is simply a record and a comparison would be that the Bible the Koran the American Declaration of Independence or the Two Tablets brought down the mountain by Moses would all be greals Britain is the land of the Holy Greal The search was begun to locate the Ark in Britain and this proved to be relatively straightforward but technically different The persistent ancient legend in the area north of Cardiff is that a great chest lies buried and this chest is guarded by two Cigfrangawr Giant Ravens It is not difficult to perceive that this great chest is the Ark that has two golden Cherubim fearsome dragons figures What emerged was that these had been a direct transfer of culture from Israel to Britain and all across the hills of South Wales there are gigantic mounds and these huge mounds are named and set out in a pattern to mirror the pattern of the major stars in the heavens Then there are several ancient tales that tell of the great plants moving on their orbits and being in conjunction with the main stars of the various constellations The journeys of the planets seen as moving and not fixed stars are tracing out routes that can be followed around the Star t Mound Maps on the ground In short our British ancestors left us clear records of where to go The Ark is at a place where the giant mound marks the start Regulus in Leo the Lion the Judean emblem The ancient place name is The Enclosure of the Ark and the central area is The Place of Worship The top of the large hillock has clearly been molded by the hand of man and satellite photography showed spoil heaps tumbling down the slopes form a tunnel excavated horizontally to underground chambers Five very ancient drainage systems of the type used in antiquity to drain and keeps chambers dry are clearly evident Amazingly the Above sea Levels readings of satellite photography proved absolutely that the top 60 feet of this low dome shaped hill is a man made construction This is unassailable incontrovertible and absolute scientific proof of the highest order Ground

penetrating radar and other methods shows at least two underground chambers and deep reading g electronic metal detection identifies a large non ferrous box of around four feet long and two feet wide This is the precise size of the Ark of the Covenant An approach has been made to the Welsh National Assembly and hopefully something positive will at last be done to restore Khumric British heritage cultures and history *Plutarch's Morals* Plutarch,1870 **The Chaldaean**
