**Battlegrounds** H. R. McMaster, 2020-09-22 New York Times Bestseller. Now with new text from McMaster addressing the January 2021 assault on the U.S. Capitol and recommending how citizens across the free world can work together to restore confidence in democratic institutions and processes. From Lt General H. R. McMaster, U.S. Army ret, the former National Security Advisor and author of the bestselling classic *Dereliction of Duty*, comes a bold and provocative re-examination of the most critical foreign policy and national security challenges that face the United States and an urgent call to compete to preserve America's standing and security. Across multiple administrations since the end of the Cold War, American foreign policy has been misconceived, inconsistent and poorly implemented. As a result, America and the free world have fallen behind rivals in power and influence. Meanwhile, threats to security, freedom and prosperity such as nuclear proliferation and jihadist terrorism have grown. In *BATTLEGROUNDS*, H. R. McMaster describes efforts to reassess and fundamentally shift policies while he was National Security Advisor. And he provides a clear pathway forward to improve strategic competence and prevail in complex competitions against our adversaries. *Battlegrounds* is a groundbreaking reassessment of America's place in the world, drawing from McMaster's long engagement with these issues, including 34 years of service in the U.S. Army with multiple tours of duty in battlegrounds overseas and his 13 months as National Security Advisor in the Trump White House. It is also a powerful call for Americans and citizens of the free world to transcend the vitriol of partisan political discourse, better educate themselves about the most significant challenges to national and international security, and work together to secure peace and prosperity for future generations.
