The Business of Sports Scott Rosner, Kenneth Shropshire, 2011-01-07 The Business of Sports Second Edition is a comprehensive collection of readings that focus on the multibillion dollar sports industry and the dilemmas faced by today's sports business leaders. It covers professional Olympic and collegiate sports and highlights the major issues that impact each of these broad areas. The Second Edition provides insight from a variety of stakeholders in the industry and covers the major business disciplines of management, marketing, finance, information technology, accounting, ethics, and law. Each chapter features concise introductions, a broad range of focused readings, and targeted discussion questions and graphs and tables to convey relevant financial data and other statistics.

The Sports Business in The Pacific Rim Young Hoon Lee, Rodney Fort, 2014-10-31 Following consistent and rapid general economic growth, Pacific Rim countries have grown as a major force in sports. Australia, China, Japan, and Korea populated the top ten medals list at the 2012 London Olympics. Pacific Rim countries are major consumers of international sports, and domestic professional sports have expanded continuously over time. Nippon Professional Baseball and the Korean Baseball Organization are the second and third largest baseball leagues measured by attendance and revenue following Major League Baseball in the U.S. This book also includes event studies of team ownership, assessment of human capital markets, analysis of the relationship between attendance and competitive balance, the components of fan demand in common, the world over, and business decisions concerning attendance and pricing. There is already demand for comprehensive study of the sports business in the Pacific Rim, as witnessed by this growth. This book will be of interest to researchers studying and/or teaching in the fields of sports economics and sports management, as well as a general audience interested in business governance around the world.

American Sports Murry R. Nelson, 2013-05-23 America loves sports. This book examines and details the proof of this fascination seen throughout American society in our literature, film, and music; our clothing and food; and the iconography of the nation. This momentous four-volume work examines and details the cultural aspects of sport and how sport pervasively reflects and affects myriad aspects of American society from the early 1900s to the present day. Written in a straightforward, readable manner, the entries cover both historical and contemporary aspects of sport and American culture. Unlike purely historical encyclopedias on sports, the contributions within these volumes cover related subject matter such as poetry, novels, music, films, plays, television, shows, art, and artists; mythologies, artifacts, and people. While this encyclopedia set is ideal for general readers who need information on the diverse aspects of sport in American culture for research purposes or are merely reading for enjoyment, the detailed nature of the entries will also prove useful as an initial source for scholars of sport and American culture. Each entry provides a number of both print and online resources for further investigation of the topic.

Sales and Revenue Generation in Sport Business David J. Shonk, James F. Weiner, 2021-10-21 The ability to generate sources of revenue continues to be the most important skill for individuals working in the sport industry. *Sales and Revenue Generation in Sport*

Business With HKPropel Access provides a comprehensive overview of the many ways in which sport organizations generate revenues and it teaches students the practical concepts they will need for success. Going beyond theoretical concepts of sales and sales management, the authors present an applied approach to revenue generation in sport. The PRO method of sales PROspect PRObe PROvide PROpose PROtect. Students will learn how this proven five step process for generating revenue is applicable across all avenues in sport business including ticket sales, broadcasting and media revenue, sponsorships, corporate giving and foundation revenue, fundraising and development grant writing, concessions, merchandising and social media. The text covers how this sales strategy can be applied across the broad industry of sport from professional sport and intercollegiate and interscholastic athletics to amateur sport and organizations in recreational settings, equipping students for meaningful careers with longer lasting success within any segment of the sport industry they enter. Throughout the text, themed sidebars provide examples of industry best practices and successful sales strategies. Case studies in each chapter plus discussion questions enhance the learning experience. Plus related online learning activities delivered through HKPropel offer practical interactive scenarios that will better prepare students to enter the sport industry. Organized by function of revenue generation, each section offers a video, an interactive scenario activity that can be assigned by instructors, and sales script templates that may be downloaded and edited for a specific application. *Sales and Revenue Generation in Sport Business* is designed to give students the practical knowledge they need to understand the sales process and how to successfully apply the PRO method of sales. Armed with this foundational knowledge, they will be better prepared to begin and succeed in a career in sport business. Note: A code for accessing HKPropel is not included with this ebook but may be purchased separately.

Mastering New CLAIT Bernard Kane, 2003. Easy to follow step by step guidance through Microsoft Office applications makes it ideal for self paced learning. This title provides clear and accessible guidance on developing the key skills required for the New Clait qualification and assumes no prior knowledge. It is accessible for students, workers and adult returners alike. Each book is accompanied by a CD ROM containing data files required to complete the exercises in the books. Featuring a wide range of graded activities to reinforce learning and skills development to provide a broader understanding of why activities are carried out in particular ways, it is written for Microsoft Office XP but also suitable for Office 2000.
