Teaching Performance Expectations For Educating English Learners:

Teaching Performance Expectations for Educating English Learners María V. Balderrama, Lynne T. Díaz-Rico, 2006
Teacher Performance Expectations for Educating English Learners addresses the needs of elementary and secondary teachers in multilingual classrooms including second language learning across multiple academic subjects. Renowned authors María V. Balderrama and Lynne Díaz-Rico provide in a single volume the techniques necessary to prepare teachers and other professionals to teach speakers of other languages and cultural backgrounds. This timely text is designed to be a comprehensive source of teaching techniques and effective educational practices, particularly those that meet California's standardized Teacher Performance Assessment that prospective teachers must take. This book specifically addresses those standards by presenting explicit expectations that challenge teachers in multilingual multiethnic classrooms. Subscribing to a teaching approach that respects and builds second language skills upon a foundation of native language proficiency, Teacher Performance Expectations for Educating English Learners contains the most up-to-date techniques currently available for promoting linguistic proficiency and features multiple effective teaching methods for the educator of English learners. The main tenet of the book is that successful English language learning results from a combination of rich, interesting content instruction and a fast-moving, engaging curriculum.

Approaches to Inclusive English Classrooms Kate Mastruserio Reynolds, 2015-03-02
This book provides educators with an accessible guide to best practices concerning content-based instruction, CBI models, and their use in English learner inclusive classrooms. The author effectively bridges the gap between theory and practice with a critical analysis of practical examples and diverse strategies for the inclusion of English learners into K-12 general education courses. The book also raises controversial questions regarding who is qualified to teach English learners and who is responsible for doing so, looking at the difficulties faced by both general educators and ESL teachers in Inclusive Classrooms. By providing a lens through which both ESL teachers and general educators are able to analyze, compare, and contrast a range of widely employed CBI methods, this book allows teachers to make informed decisions in their EL program development and work with English learners in K-12 schools.
