Technical Communication 13th Edition Lannon:

Technical Communication John M. Lannon, Laura J. Gurak, 2014 Technical Communication offers complete coverage of technical communication business communication and professional writing in a user friendly writing style. The topics move from basic foundational concepts to chapters on research, visuals, style, document design, usability, and finally to specific documents, basic workplace correspondence to more complex documents, technologies, and oral presentations. The appendix includes thorough coverage of MLA, APA, and CSE Council of Science Editors documentation styles and a handbook of grammar mechanics and usage. All descriptions of and instructions for creating technical documents are accompanied by clear annotated model documents. In addition, graphic illustrations appear throughout the book to make abstract concepts easy to understand. Checklists and Projects provide plentiful opportunities to learn and reinforce chapter topics.

Teaching Professional and Technical Communication Tracy Bridgeford, 2018-09-21 Teaching Professional and Technical Communication guides new instructors in teaching professional and technical communication (PTC). The essays in this volume provide theoretical and applied discussions about the teaching of this diverse subject, including relevant pedagogical approaches, how to apply practical aspects of PTC theory, and how to design assignments. This practicum features chapters by prominent PTC scholars and teachers on rhetoric, style, ethics, design, usability, genre, and other central concerns of PTC programs. Each chapter includes a scenario or personal narrative of teaching a particular topic, provides a theoretical basis for interpreting the narrative, illustrates the practical aspects of the approach, describes relevant assignments, and presents a list of questions to prompt pedagogical discussions. Teaching Professional and Technical Communication is not a compendium of best practices but instead offers a practical collection of rich, detailed narratives that show inexperienced PTC instructors how to work most effectively in the classroom.

Howard, Dan Jones, Karla Saari, Kitalong, Traci Nathans, Kelly Christine G. Nicometo, Kirk St. Amant. *The Naval Institute Guide to Naval Writing, 4th Edition* Christopher E. Crane, Estate of Robert E. Shenk, 2024-06-01 With updates to every chapter, this new fourth edition serves as the premier guide to professional writing for the naval services. Authored by a naval officer who taught English at two service academies, the book is widely used by officers, enlisted men and women, and civilians in both the Navy and Marine Corps. Shenk provides sound practical advice on all common naval writing assignments across digital and print platforms. Fully revised, the book reflects the changing landscape of professional communication in general and changes in naval culture in the last decade across the fleet, making it an essential guide.
