

# THE DARK SIDE OF CLOSE RELATIONSHIPS II

EDITED BY WILLIAM R. CUPACH  
AND BRIAN H. SPITZBERG

# The Dark Side Of Close Relationships Ii

**Brian Spitzberg**

## **The Dark Side Of Close Relationships II:**

**The Dark Side of Close Relationships II** William R. Cupach, Brian H. Spitzberg, 2010-09-13 Focuses on the paradoxical dialectical and mystifying facets of human interaction not merely to elucidate dysfunctional relationship phenomena but to help readers explore and understand it in relation to a broader understanding about relationships This volume is of interest to relationship researchers in social psychology and sociology **The Dark Side of Close Relationships II** William R. Cupach, Brian H. Spitzberg, 2010-09-13 The Dark Side of Close Relationships II is a completely new and up to date version of the original volume published in 1998 featuring new topics and authors The volume showcases cutting edge work on important topics by prominent scholars in multiple disciplines It sheds light on the paradoxical dialectical and mystifying facets of human interaction not merely to elucidate dysfunctional relationship phenomena but to help readers explore and understand it in relation to a broader understanding about relationships As previous Dark Side investigations have revealed negative or dysfunctional outcomes can occur in relationships even though positive and functional ones are expected and at the same time positive silver linings are often found in some dark relational clouds Such nuanced approaches are needed to better account for the complexity of close relationships A unique and provocative collection this volume will appeal to relationship researchers in communication social psychology family studies and sociology **The Dark Side of Close Relationships** Brian H. Spitzberg, William R. Cupach, 1998 Continuing with the theme of their earlier volume The Dark Side of Interpersonal Communication editors Brian H Spitzberg and William R Cupach have prepared this second collection of essays that focus on the role that darker behaviors play in close relationships The intent of this effort is both to redress the ideology of optimism characteristic of textbooks and the popular press and to shed light on the darker realms of social behavior Rather than assuming that being honest cooperative empathic and expressive is always desirable it is argued here that positive value may be found in deception selfishness ambiguity conflict and even violence Scholars and researchers in all areas of close relationships including psychology sociology and interpersonal communication will find this collection to be a compelling investigation of highly important yet often neglected phenomena encouraging further consideration of the hidden and forbidden elements of human relating **The Dark Side of Interpersonal Communication** Brian H. Spitzberg, William R. Cupach, 2009-03-04 The Dark Side of Interpersonal Communication examines the multifunctional ways in which seemingly productive communication can be destructive and vice versa and explores the many ways in which dysfunctional interpersonal communication operates across a variety of personal relationship contexts This second edition of Brian Spitzberg and William Cupach's classic volume presents new chapters and topics along with updates of several chapters in the earlier edition all in the context of surveying the scholarly landscape for new and important avenues of investigation Offering much new content this volume features internationally renowned scholars addressing such compelling topics as uncertainty and secrecy in relationships the role of negotiating self in cyberspace criticism and complaints teasing and

bullying infidelity and relational transgressions revenge and adolescent physical aggression toward parents The chapters are organized thematically and offer a range of perspectives from both junior scholars and seasoned academics By posing questions at the micro and macro levels The Dark Side of Interpersonal Communication draws closer to a perspective in which the darker sides and brighter sides of human experience are better integrated in theory and research Appropriate for scholars practitioners and students in communication social psychology sociology counseling conflict personal relationships and related areas this book is also useful as a text in graduate courses on interpersonal communication ethics and other special topics

*Real Communication: An Introduction with Mass Communication* Dan O'Hair, Mary Wiemann, 2012-01-16 Real Communication uses stories from real people and the world around us to present the best and most lively introduction to communication concepts Professors and students alike have fallen in love with Real Communication's down to earth writing style its coverage of research and its wealth of learning and teaching tools They also appreciate how Real Communication strives to weave the discipline's different strands together with the CONNECT feature that shows students how concepts work and apply across interpersonal small group public speaking and mass media contexts The Second Edition is even better with a broader array of engaging examples new coverage of hot topics in the field like Intercultural and mediated communication plus a public speaking unit honed to provide the essential information students need for this fast paced course A new chapter on mass communication connects topics like media convergence mediated communication media messages and media effects to everyday communication

*Loners, Losers, Freaks, and Geeks* Susan Michelle Wildermuth, 2001

**Strategic Management: Creating Competitive Advantages** Gregory Dess, G.T. (Tom) Lumpkin, Alan Eisner, 2007-11 Strategic Management Creating Competitive Advantage 4th Edition by the prestigious authors Dess Lumpkin Eisner provide solid treatment of traditional topics in strategic management as well as thorough coverage of contemporary topics such as digital internet strategies innovation corporate entrepreneurship knowledge management and intellectual assets This text's accessible writing style and wealth of new and updated illustrations which clarify the most difficult topics make this text the best resource for your students

**The Dark Side of Close Relationships** Brian Spitzberg, 2013 This collection of essays represents a follow up to the editors 1994 publication The Dark Side of Interpersonal Communication In the preface to that collection of essays they argued that To fully understand how people function effectively requires us to consider how individuals cope with social interaction that is difficult problematic challenging distressing and disruptive In this companion volume the focus expands from social interaction to close relationships Aside from the inherent need to investigate the bad as well as the good of interpersonal relationships the editors and their colleagues simply find the dark side metaphor to be intellectually arousing It stimulates investigation of important yet often neglected phenomena and it especially encourages consideration of the hidden and forbidden and the paradoxical and ironic elements of human relating This volume assembles the cutting edge work of first rate scholars from the ranks of communication psychology sociology

and cognate disciplines As in the previous text the subject matter and stylistic approaches are diverse reflecting the broad and interdisciplinary domain that is the dark side of human affairs The selection of topics is somewhat selective reflecting only a sample of emerging scholarship in the interdisciplinary study of relationships These internationally recognized scholars examine various topics related to the dark side including fatal attractions jealousy and envy misunderstanding gossip conflict codependence sexual coercion stalking relationship termination unrequited love and mental health problems in relationships Some chapters present original data and models whereas others reconfigure the way in which the understandings of relationships can be better understood In addition the bookend chapters examine the ideology nature and problems of dark side scholarship Collectively the scholarly journeys made in this volume are intended to illustrate the complexities both moral and functional involved in close relationship processes The intent is neither to valorize nor demonize the darker aspects of close relationships but rather to emphasize their importance to the day to day doing of relationships Only by accepting such processes as integral to relationships can their role be fully understood Family Communication Kathleen M. Galvin,Carma Lee Bylund,Bernard J. Brommel,2008 Family Communication Cohesion and Changeexamines how the communication processes within families affect and are affected by larger social systems By viewing the family as a communication system with identifiable patterns the authors encourage students to observe family interaction patterns analytically and relate communication theories to family interaction Using a framework of family functions first person narratives and current research Family Communication Cohesion and Change emphasizes the diversity of today s families in terms of structure ethnic patterns and developmental experiences **International Business Review** ,2001

**Cumulated Index to the Books** ,1999 **Interpersonal Communication and Human Relationships** Mark L. Knapp,Anita L. Chall,2003 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers

**Violence in Intimate Relationships** Gordon W. Russell,1988 American Book Publishing Record ,2003

**Communication and Personal Relationships** Kathryn Dindia,Steve Duck,2000-09-11 Focusing particularly on communication processes in relationships this text presents the different theories about personal relationships that have emerged from different traditions in communication studies **Case Studies in Interpersonal Communication** Dawn O.

Braithwaite, Julia T. Wood, 2000 The many narrative cases in this book offer dramatic real life snapshots of interpersonal theory in action Written by established communication scholars and reflecting carefully conducted research each case helps you apply abstract principles to specific situations people and relationships As you read these cases you ll also learn to appreciate how multiple communication dynamics work together to shape what happens in human interactions for example how a case focusing on self disclosure also gives you insights into such issues as timing context and style of communication And as you identify patterns revealed in the cases you ll develop the ability to detect these patterns in your own interactions and ultimately make more informed choices about which patterns to foster and avoid in your interpersonal relationships

**The Speaker's Bible** James Hastings, Edward Hastings, Ann Wilson Hastings, 1925      *The Social Psychology of Personal Relationships* William Ickes, Steve Duck, 2000-06-15 The Social Psychology of Personal Relationships provides a concise and highly readable introduction to the major social psychological perspectives on the study of personal relationships The contributors all internationally recognized scholars in their respective fields address the study of personal relationships from the following key social psychological perspectives attachment theory evolutionary psychology interdependence relations interracial relationships self expansion theory self presentation theory This important text also contains an innovative chapter on how to analyze data from dyadic relationship studies along with meta theoretical commentaries by Ickes and Duck and by Acitelli Duck and West A useful reference for professionals whose research and or clinical practice focuses on personal relationships this book is also intended for advanced students in the areas of social psychology clinical and counseling psychology communication studies family studies and sociology courses The Social Psychology of Personal Relationships is one of a series of paperbacks dedicated to the study and application of processes by which individuals relate to each other in social and family settings Each book provides an expanded and up to date version of a section in the original Handbook of Personal Relationships second edition edited by Steve Duck
