**The Publishers Weekly** ,1877    One of a Kind Susan Grant Lewin,1994 Jewelry as art is

America's most provocative current art form. This is jewelry that must be evaluated like fine art for its ideas, inventions, intuitions and content rather than for its precious materials or conformity to tradition. Yet it is art that can be worn and as such has a unique advantage over all other mediums in its direct contact with the body giving it an engaging intimacy. Since World War II the field of art jewelry has bloomed prodigiously thanks to the talents of a richly diverse group of practitioners who have explored the range of the art and the possibilities of the craft. Here Susan Grant Lewin profiles 54 of the best artist jewelers among a growing number who speak to jewelry's history and traditions as well as addressing contemporary conceptual and cultural issues. These 54 jewelers are showcased here with individual profiles illustrated with several examples of their work all reproduced in full color. A much needed overview of this exciting new area. One of a Kind American Art Jewelry Today discusses the definition of art jewelry presents a history of the studio jewelry movement in America tracing the developments that have led up to the current period and explores art jewelry's bonds with contemporary sculpture. Two forewords open the book one by noted art critic Barbara Rose who looks at the historical context of jewelry by artists and jewelry in art and the other by Jack Lenor Larsen America's foremost artist artisan designer. There are also essays by Suzanne Ramljak editor in chief of Sculpture magazine and art historian Toni Greenbaum. A glossary, bibliography and index complete the book.
