Time Briton Hadden, Henry Robinson Luce, 1960 **Henry Ford for Kids** Ronald A. Reis, 2016 Introduces the automotive engineering and labor innovator discussing both his finer points and his flaws and also providing 21 hands on activities to encourage young people to apply engineering and production ideas and learn more about the era *Cockney Sparrow* Sidney Defriend, 2004 The book travels through Sid s life from his birth in 1926 when he was born into a world of poverty through returning from the second world war to find out that life had still not improved for the likes of him Despite this he has always taken on life with a cheerful determined attitude taking it as it came Streetwise at eight years old and turning a penny or two he fought his way on to seventy eight through a series of adventures and travels Then he decided to take on the world of computers and write this lively book He is not a well educated historian but a working man with a story to tell He crosses paths with the rich with politicians and quite a few rogues There is laughter and pain but Sid carries on as most Cockneys do with a jaunty smile and a purposeful stride Don t miss a book with a difference Henry Ford Samuel Simpson Marquis, 1923 **Mustang by Design** James Dinsmore, James Halderman, 2018-09-14 p p1 margin 0 0px 0 0px 0 0px 0 0px font 12 0px Arial Without question the 1964 1 2 Mustang is one of the most important and influential cars in automotive history When Ford launched the Mustang it created an automotive revolution Award winning designer and stylist Gale Halderman was at the epicenter of the action at Ford and in fact his initial design sketch formed the basis of the new Mustang He reveals his involvement in the project as well as telling the entire story of the design and development of the Mustang Authors and Mustang enthusiasts James Dinsmore and James Halderman go beyond the front doors at Ford into the design center testing grounds and Ford facilities to get the real unvarnished story Gale Halderman offers a unique behind the scenes perspective and firsthand account of the inception design development and production of the original Mustang With stinging losses from the Edsel fresh in minds at Ford the Mustang project was an uphill battle from day one Lee Iacocca and his assembled team had a herculean task to convince Henry Ford II to take a risk on a new concept of automobile but with the help of Hal Sperlich s detailed market research the project received the green light Henry Ford II made it clear that jobs were on the line including Iacocca s if it failed The process of taking a car from sketch to clay model to prototype to preproduction and finally finished model is retraced in insightful detail During the process many fascinating experimental

cars such as the Mustang I two seater Mustang II prototype Mustang Allegro and Shorty were built But eventually the Mustang based on the existing Ford Falcon received the nod for final production In a gala event it was unveiled at the 1964 World s Fair in New York The Mustang received public accolades and critical acclaim and soon it became a runaway hit After the initial success Ford designers and Gale Halderman designed and developed the first fastback Mustangs to compliment the coupes The classic Mustang muscle cars to follow including the GT Mach 1 and others are profiled as well The Mustang changed automotive history and ushered in the pony car era as a nimble powerful and elegantly styled sports coupe But it could so easily have stumbled and wound up on the scrap pile of failed new projects This is the remarkable and dramatic story of how the Mustang came to life the demanding design and development process and ultimately the triumph of the iconic American car
