*Let Scripture Speak for Itself* Paul Wilchek, 2023-01-11 LET Scripture SPEAK FOR ITSELF is intended to provide a layman's explanation of certain Scripture passages that are organized into various topics. The actual Scripture passages are grouped by topics pointing out some of the hidden meanings, symbolisms, prophecies fulfilled and the many proofs in Scripture. It includes actual Scripture responses of typical questions to assist in defending one's faith. Certain Scripture passages are organized by key words to assist the reader as to where these are in Scripture. Also, it includes an explanation of the Apostles, Disciples, Early Church Fathers, Brief History of the Church and even a chronological list of all popes that all lead to the growth of the Church. **Witness** Jack J Blanco, 2009 No matter what happened threats, beatings, stonings, exile or imprisonment, the leaders of the infant Christian church were determined to take the good news of Jesus' life, death, and resurrection to the entire world. That was their mission, their sole purpose in life.

**Coherent Chiastic Oeuvre in the Unity of Luke-Acts** John M. Powell, 2025-06-20 This book expands on scholarly arguments that the Gospel of Luke and Acts of the Apostles was originally intended as a single unified work. It offers fresh insights by addressing overlooked perspectives and further exploring the literary, theological, and historical connections between the two volumes. Central to this study is the argument that the ascension narratives at the end of Luke and the beginning of Acts form a chiastic structure uniting and conjoining both volumes. Rather than redefining Luke-Acts as First and Second Luke, this study affirms their distinct literary genres. Luke's Gospel rightly belongs among the canonical Gospels, and Acts bridges the Gospels with the Epistles, acting similar to a historical narrative. It does not seek to alter their canonical separation but asserts that Luke deliberately composed them as a continuous interdependent account. By examining how this pivotal event structures the text, it provides compelling evidence of Luke's intentional design, demonstrating that the ascension is the hinge that seamlessly connects both volumes.

**The Nonbeliever's Guide to the Book of Mormon** C. B. Brooks, 2017-04-01 Even for the most ardent skeptic, it's hard not to be curious about the Church of Jesus Christ of Latter-day Saints. Maybe you've seen the hit musical comedy, "The Book of Mormon." Maybe you've read about Holocaust victims and deceased celebrities like Elvis being posthumously baptized in Mormon churches. Or maybe you've come across some other belief or facet of the Mormon faith and can't help but wonder whether the religion is actually as wild as it seems. Sure, the young Mormon missionaries who knock on your door with promises of a book that will change your life are happy to speak with you about their religion and provide their own answers. But if you accept their offer, you'll likely be heavily recruited, repeatedly contacted, pressured to become a church member, and perhaps even told you're going to be tortured in hell if you don't accept their claims. Enter "The Nonbeliever's Guide to the Book of Mormon," which offers an easily accessible, entertaining introduction to Mormonism. For those with a curious but skeptical mind, it also provides a no-pressure, no-strings-attached way to learn about what's contained in Mormonism's sacred text without the tedium of having to read the whole thing or the risk of being pestered in this life or the

afterlife for that matter    **General Theory of Victims** François Laruelle,2015-06-04 The most accessible expression of François Laruelle's non philosophical or non standard thought General Theory of Victims forges a new role for contemporary philosophers and intellectuals by rethinking their relation to victims A key text in recent continental philosophy it is indispensable for anyone interested in the debates surrounding materialism philosophy of religion and ethics Transforming Joseph de Maistre's adage that the executioner is the cornerstone of society General Theory of Victims instead proposes the victim as the cornerstone of humanity and the key figure for contemporary thought Laruelle condemns philosophy for participating in and legitimating the great persecutions of the twentieth century and lays out a new vision of victim oriented ethics To do this he engages the resources of both quantum physics and theology in order to adapt a key concept of non philosophy Man in person for a new understanding of the victim As Man in person the victim is no longer exclusively defined by suffering but has the capacity to rise up against the world's persecution Based on this Laruelle develops a new ethical role for the intellectual in which he does not merely represent the victim but imitates or clones it thereby assisting the victim's uprising within thought    **Armenian History Timeline** Hagop Arshagouni,Marilyn Arshagouni,1998    **The Life of Christ** The American Bible Society,2008-02-26 Recounts the life death and resurrection of Jesus Christ focusing on his mission to spread the teachings of Christianity to his disciples and how that mission continues today    *The Horn Book Guide to Children's and Young Adult Books* ,2002    **Presbyterian Outlook** ,1959    **Christology and Science** F. LeRon Shults,2008 The dialogue between theology and science has blossomed in recent decades but particular beliefs about Jesus Christ have not often been brought to the forefront of this interdisciplinary discussion even in explicitly Christian contexts This book breaks new ground by explicitly bringing the specific themes of Christology into dialogue with contemporary science It engages recent developments in late modern philosophy of science in order to articulate the Christian beliefs about Jesus Christ in a way that responds to challenges and opportunities that have arisen in light of various scientific discoveries The main chapters deal with Incarnation Atonement and Parousia After a brief treatment of the history of the shaping of these ideas the author traces developments in some of the sciences that have challenged these formulations evolutionary biology cultural anthropology and physical cosmology Each chapter also summarises some of the popular constructive responses to these developments After clarifying the way in which the Christian understanding of God and of humanity shape the task of reforming Christology each chapter concludes with a programmatic outline of ways in which we might articulate the identity agency and presence of Jesus Christ in dialogue with late modern science and culture    **Who was Jesus?**

**The Crucifixion of Jesus** Gerard S. Sloyan, What was crucifixion Why was Jesus of Nazareth executed and what really happened Gerard Sloyan begins with history and traces the development of the New Testament accounts of Jesus death He shows how Jesus death came to be seen as sacrificial and how the evolving understandings of Jesus death affected those who suffered most from it the Jews He then traces the emergence and development in theology liturgy literature art of the conviction that Jesus death was redemptive as seen both in soteriological theory from Tertullian to Anselm in the Reformation and modern eras and in more popular religious responses to the crucifixion Especially fascinating is the story of the emergence of a distinct Passion piety that still characterizes the West In all this Sloyan detects the separation of the cross from Jesus life and resurrection allowing the mythicizing of an event too large for mere words to handle the mystery of the cross
