The Defence Of Greece:

The Defence of Greece, 490-479 B.C. Lancaster, John Francis Lazenby, 1992-09-01 **The Defence and Fall of Greece**
John Carr, 2013 The Defence and Fall of Greece, 1940-41 John Carr, 2013-07-02 This military history of the WWII Battle of Greece presents a vivid and detailed account with special focus on the Greek forces defending their homeland On October 28th 1940 the Greek Prime Minister Ioannis Metaxas refused to accept an ultimatum from Italy's Fascist leader Benito Mussolini Immediately upon his refusal Italian forces began the invasion of Greece via Albania This aggression was prompted by Mussolini's desire for a quick victory to rival Hitler's rapid conquest of France and the Low Countries But Mussolini had underestimated the skill and determination of the defenders Within weeks the Italian invaders were driven back over the border and Greek forces actually advanced deep into Albania Eventually Hitler was forced to intervene sending German forces into Greece via Bulgaria on April 6th The Greeks assisted by British forces were overwhelmed by the Germans and their blitzkrieg tactics After Athens fell on April 27th the British evacuated to Crete But the following month German airborne troops invaded and eventually took the strategically vital island John Carr's masterful account of these desperate campaigns draws heavily on Greek sources to emphasize the oft neglected experience of Greeks soldiers and their contribution to the fight against fascism The Defence and Fall of Greece 1940-1941 John C. Carr, 2013 Narrates the spirited but ultimately doomed Greek defense against invasion by Fascist Italy and Nazi Germany in 1940 and 41 On 28th October 1940 the Greek premier Ioannis Metaxas refused to accept a deliberately provocative ultimatum from Mussolini and Italian forces began the invasion of Greece via Albania This aggression was prompted by Mussolini's desire for a quick victory to rival Hitler's rapid conquest of France and the Low Countries On paper Greek forces were poorly equipped and ill prepared for the conflict but Mussolini had underestimated the skill and determination of the defenders Within weeks the Italian invasion force was driven back over the border and Greek forces actually advanced deep into Albania A renewed Italian offensive in March 1941 was also given short shrift prompting Hitler to intervene to save his ally German forces invaded Greece via Bulgaria on 6 April The Greeks now assisted by British forces resisted by land sea and air but were overwhelmed by the superior German forces and their blitzkrieg tactics Despite a dogged rearguard action by Anzac forces at the famous pass of Thermopylae Athens fell on the 27th April and the British evacuated 50 000 troops to Crete This island whose airfields and naval bases Churchill considered vital to the defense of Egypt and the Suez Canal was invaded by German airborne troops the following month and eventually captured after a bitter thirteen day battle The remaining British troops were evacuated and the fall of Greece completed John Carr's masterful account of these desperate campaigns while not disparaging the British and Commonwealth assistance draws heavily on Greek sources to emphasize the oft neglected experience of the Greeks themselves and their contribution to the fight against fascism *Greece's new defence doctrine* Ioannis Theodor Mazis, 2014-06-06 *Turkey and Greece* Deniz Bölükbaşı, 2004 The Aegean disputes between Turkey and Greece represent one of the longest standing

contemporary conflicts in existence These disagreements encompass a wide range of issues including the seabed maritime areas and airspace of the Aegean The territorial status of a number of islands and rocks as well as specific demilitarization conferred upon Greek islands in the Eastern Aegean under international treaties is also a matter of dispute The Aegean disputes which still remain unresolved are a major source of tension and conflict in Turkish Greek relations The stalemate in reaching a settlement is liable to give rise to new frictions resulting in an acute strain on relations From time to time the disputes have erupted into crisis bringing the two countries to the verge of confrontation These disputes are immensely complex and involve a broad range of interrelated issues with complicated political and legal aspects This study represents the first attempt of its kind providing in a single volume a comprehensive review and analysis of the legal and political aspects of the Aegean disputes which constitute a unique case study in international law involving two neighbours in the Aegean that share a unique history and geography

Greece, Turkey, NATO and the Cyprus Issue 1973-1988 Andreas Stergiou, 2024-03-26 The volume examines one of the most sensitive issues in the contemporary diplomatic history of the eastern Mediterranean namely the nexus between Greece Turkey the Cyprus problem and NATO in the crucial period between 1973 and 1988 Beginning with the emergence of the Aegean dispute in 1973 and ending with the most comprehensive attempt to date to solve the Greek Turkish conflict in the wake of the Davos rapprochement process in 1988 The analysis in this book goes back to developments that occurred in the first half of the 20th century
