**The Creator's Descendants** Allici Edragal,2021-03-25 The continent of Eberon was blessed by the deities in a faraway past where humans were born and the first civilizations were built Though the so called Creators had long left that world traces of their magic remained and two powerful Descendants lived among the deities creation A conflict between the Descendants half human half gods traced back the beginning of history until the present times In each generation two males were born always as enemies and fighting till death One of them wanted power creating a World Government to rule over humans The other sought balance and freedom for the people leading armies of rebels against the authorities Darkness cursed the continent of Eberon and the islands surrounding it Until hope finally arose Imprisoned since her childhood the 15 years old ALTHEA discovers the meaning of freedom when 17 years old DOMINIC and 20 years old JOSEPH enter her path leading her to a journey where ALTHEA will uncover her origins and understand the mysteries behind her overwhelming power The young girl soon discovers that she is a break of a cycle that lasted thousands of years

As theologians across confessional divides try to say something significant about human dignity in our contemporary society there is fresh interest in the ancient Christian doctrine that the human being is created in the imago Dei Theology is grounding responsibility for others and for the world around us in this common vision that the human being s infinite horizon lies in a divine calling and destiny Robinson examines the imago Dei debate through three giants of twentieth century theology Karl Barth Hans Urs von Balthasar and Jürgen Moltmann This is placed against a survey of the principle developments and distinctions relating to the doctrine in the history of Christian thought which in itself will be valuable for all students of Theology A fresh analysis of ecumenical contributions places the development of the doctrine in the context of the ongoing process of ecumenical dialogue on the dignity of the human person with special reference to this theme in the first encyclical of Pope Benedict XVI Deus Caritas Est Whilst imago Dei is the focus of this book Robinson invites the reader to see its relevance to theology as a whole on a specifically ecumenical canvas and relates directly to more general areas of theological anthropology grace salvation and the relationship between God and the world
