The Dream Of My Return:

The Dream of My Return Horacio Castellanos Moya, 2015-03-02 A high octane paranoia deranges a writer and fuels a dangerous plan to return home to El Salvador High octane paranoia deranges a writer and fuels a dangerous plan to return home at the tail end of El Salvador's long civil war Is the plan a dream or a nightmare Is he courageous foolhardy or just plain dumb Is the bubbling brew of horrors and threats actual or imagined After he seeks relief for liver pain through hypnosis while drinking more than ever despite the treatments his few impulse control mechanisms rapidly dissolve and reality only rarely intrudes on his cogitations Harebrained murder plots half mad arguments hysterical rants the narrative escalates at a maniacal pace infused with Horacio Castellanos Moya's uniquely outlandish and acerbic sense of humor

Self-Analysis James W. Barron, 2013-09-05 Self Analysis is a fascinating reprise on the mode of disciplined self inquiry that gave rise to psychoanalysis From Freud's pioneering self analytic efforts onward self analysis has been central to psychoanalytic training and psychoanalytic practice Yet only in recent years have analysts turned their attention to this wellspring of Freud's creation The contributors to Self Analysis represent diverse theoretical perspectives but they share a common appreciation of the importance of self analysis to the analytic endeavor Their papers encompass systematic inquiries into the capacity for self analysis examples of self analysis as an aspect of clinical work and personal reflections on the role of self analysis in professional growth Among the questions explored What do we mean by self analysis To what extent and under what conditions is self analysis possible How does it differ from ordinary introspection What are the developmental antecedents of the capacity for self analysis What is the role of

the other in self analysis What are the relationships among self analysis writing and creativity As Barron observes the contributors to the book grapple with the formidable ambiguities of self analysis without either idealizing or devaluing its potential What emerges from their effort is not only an illuminating window into the psychoanalyst s subjectivity as a fact of clinical life but a far reaching exemplification of the ways in which self understanding is always a constitutive part of our understanding of others
