## **The US Senate From Deliberation To Dysfunction:**

**The U.S. Senate**, 2012 Looking at the challenges facing the US Senate today and covering issues such as delay obstruction and polarization this book provides readers with an important introduction to this area of US politics The U.S. Senate Burdett Loomis, 2011-07-26 With an avalanche of scholarship on the House it can be tough to balance out coverage in a typical Congress course with appropriate readings on the slow institution Offering top notch research geared to an undergraduate audience Loomis new edited volume represents a broad picture of the contemporary Senate and how it came to be While addressing issues of delay obstruction and polarization in a variety of ways the scholars in this collection are not proposing a reform agenda but instead explore the historical and political contexts for how difficult it can be to change a non majoritarian highly individualistic institution Students will come away from these chapters with a much greater appreciation of the Senate s unique combination of tradition precedent and constitutional mandate **American Political Culture** Michael Shally-Jensen, Mark J. Rozell, Ted G. Jelen, 2015-04-28 This all encompassing encyclopedia provides a broad perspective on U S politics culture and society but also goes beyond the facts to consider the myths ideals and values that help shape and define the nation Demonstrating that political culture is equally rooted in public events internal debates and historical experiences this unique three volume encyclopedia examines an exceptionally broad range of factors shaping modern American politics including popular belief political action and the institutions of power and authority Readers will see how political culture is shaped by the attitudes opinions and behaviors of Americans and how it affects those things in return The set also addresses the issue of American exceptionalism and examines the nation s place in the world both historically and in the 21st century Essays cover pressing matters like congressional gridlock energy policy abortion politics campaign finance Supreme Court rulings immigration crime and punishment and globalization Social and cultural issues such as religion war inequality and privacy rights are discussed as well Perhaps most intriguingly the encyclopedia surveys the fierce ongoing debate between different political camps over the nation s historical development its present identity and its future course By exploring both fact and mythology the work will enable students to form a broad yet nuanced understanding of the full range of forces and issues affecting and affected by the political process *The Polarized Congress* Charles Tiefer, 2016-04-27 *The Polarized Congress* The Post Traditional Procedure of Its Current Struggles argues that the rise of the polarized Congress means a totally different Congressional procedure especially after 2007 compared to the accustomed traditional one Polarized Congress explores a host of lesser known even sometimes below the radar aspects of the post traditional or polarized model These range from ping ponging of major measures between chambers without conferencing to the Senate Majority Leader s new toolkit They go from the now crucial Hastert Rule in the House to the astonishment of legislating the Affordable Care Act by singular procedures including budget reconciliation The book challenges the easy assumption especially by the non specialist press that Congressional procedure is descending into nothing more than chaotic

brutishness or eternal stalemate Instead it explains the transformation of the traditional model about how a bill becomes a law before 2000 into the new current model in which Congress acts very differently Senate Cloture Rule Library of Congress. Congressional Research Service,2011 CQ Weekly ,2010 L'impossible présidence impériale François Vergniolle de Chantal,2016 La 4e de couverture indique Le président des États Unis serait l'homme ou la femme le plus puissant de la planète Cette perception commune sans cesse alimentée par les productions d'Hollywood n'en est pas moins fautive Contraint par les multiples obstacles des checks and balances constitutionnels le président doit notamment faire face au Législatif le plus puissant et le plus autonome du monde La séparation des pouvoirs a en effet permis au Congrès de se construire comme un partenaire indomptable et souvent capricieux de la Présidence sans que celle-ci ne puisse intervenir Le contrôle législatif ainsi créé et protégé repose en particulier sur l'argument central de cet ouvrage sur la chambre haute le Sénat qui dispose en son sein de multiples ressources procédurales lui permettant de bloquer les initiatives présidentielles Le filibuster la possibilité laissée à un seul sénateur de s'exprimer sans interruption et sans autre limite que celle de sa résistance physique en est l'exemple le plus célèbre Au pays de la séparation des pouvoirs il existe ainsi un contrôle politique direct souvent brutal qui s'exerce en permanence sur l'Exécutif reléguant le président dans le meilleur des cas un statut d'habile négociateur bien loin de l'image de héros du monde libre En mobilisant le droit constitutionnel l'histoire et la science politique cet essai se propose de mettre en relief les modalités d'action du Congrès et notamment du Sénat pour souligner que la Présidence impériale est au contraire pour reprendre le mot de Gerald Ford bien souvent en péril **Les études de la Documentation française** ,2010-07 **Debates of the Senate of the Dominion of Canada** Canada.
