Goodreads Choice Guide:

Crash Course in Readers' Advisory Cynthia Orr, 2014-12-05 One of the key services librarians provide is helping readers find books they'll enjoy. This crash course will furnish you with the basic practical information you need to excel at readers' advisory for adults and teens. The question can you recommend a good book can be one of the most daunting you face notwithstanding the fact that recommender tools are ubiquitous. Often uncertainty arises because although librarians are called on to perform such services daily, readers' advisory is a skill set in which most have no formal training. This guide will remedy that. It is built around understanding books, reading and readers, and will quickly show you how to identify reading preferences and advise patrons effectively. You'll learn about multiple RA approaches such as genre appeal, features and reading interests, and about essential tools that can help with RA. Plus you'll discover tips to help you keep up with this ever-changing field. There is no other professional book that covers the full spectrum of skills needed to perform the RA service that is in such great demand in libraries of all kinds. Helping readers find what they want is a sure way to serve patrons and build your library's brand. You will come away from this easy-to-understand crash course with the solid background you need to do both.

Global Literary Studies Diana Roig-Sanz, Neus Rotger, 2022-12-05 While the very existence of global literary studies as an institutionalised field is not yet fully established, the global turn in various disciplines in the humanities and the social sciences has been gaining traction in recent years. This book aims to contribute to the field of global literary studies with a more inclusive and decentralising approach. Specifically, it responds to a double demand: the need for expanding openness to other ways of seeing the global literary space by including multiple literary and cultural traditions and other interdisciplinary perspectives in the discussion; and the need for conceptual models and different case studies that will help develop a global approach in four key avenues of research: global translation flows and translation policies; the post-1989 novel as a global form; global literary environments; and a global perspective on film and cinema history. Gathering contributions from international scholars with expertise in various areas of research, the volume is structured around five target concepts: space, scale, time, connectivity, and agency. We also take gender and LGBTQ perspectives as well as a digital approach.

Columbine Dave Cullen, 2009-04-06 Ten years in the works, a masterpiece of reportage, this is the definitive account of the Columbine massacre, its aftermath, and its significance, from the acclaimed journalist who followed the story from the outset. The tragedies keep coming. As we reel from the latest horror, so begins a new epilogue illustrating how Columbine became the template for nearly two decades of spectacle murders. It is a false script seized upon by a generation of new killers. In the wake of Newtown, Aurora, and Virginia Tech, the imperative to understand the crime that sparked this plague grows more urgent every year. What really happened? April 20, 1999. The horror left an indelible stamp on the American psyche, but most of what we know is wrong. It wasn't about jocks, Goths, or the Trench Coat Mafia. Dave Cullen was one of the first reporters on scene and spent ten years on this book, widely recognized as the definitive account. With a keen

investigative eye and psychological acumen he draws on mountains of evidence insight from the world s leading forensic psychologists and the killers own words and drawings several reproduced in a new appendix Cullen paints raw portraits of two polar opposite killers They contrast starkly with the flashes of resilience and redemption among the survivors Expanded with a New Epilogue **Subject Guide to Books in Print** ,1991 **Good Housekeeping Magazine** ,2008 Kansas Farmer, Mail & Breeze ,1930 The Virginia Quarterly Review ,2017 **A Guide to the Choice of Books for Students & General Readers** Arthur Herbert Dyke Acland,1891 *Summary Study Guide Maybe You Should Talk to Someone: a Therapist, Her Therapist, and Our Lives Revealed* Hyper Summary,2020-12-19 Maybe You Should Talk to Someone A Therapist Her Therapist and Our Lives Revealed 2019 is a nonfiction book by American writer and psychotherapist Lori Gottlieb A combination of memoir and popular science it brings together Gottlieb s personal life experience and her therapeutic work to illuminate the role therapy can play in everyone s lives The work has become a New York Times bestseller and Time magazine Must Read Book of the Year It was shortlisted for the Goodreads Choice Awards in the Nonfiction category and O The Oprah Magazine has voted it Nonfiction book of the year The guide refers to the e book of the first American edition by Houghton Mifflin Harcourt Boston 2019 The pagination referenced in the guide was obtained via the free Calibre e book reader This summary of Maybe You Should Talk to Someone makes it possible for its readers to benefit from a concise version of the book It does not lose the message of the book It comes with unique takeaways from every single chapter and adds value to the experience of reading You should read this book if you want to know how therapy works or if you wish to have some inspiration **DISCLAIMER** This is an UNOFFICIAL summary and not the original book It designed to record all the key points of the original book It helps you get an overview before or after reading the original book **The Common Man's Guide for Working With Women** R. S. Houde,2011-12-27 Traditional thinking is as the statistics show that men and their behaviors seems to be the major issue that is causing this problem of sexual harassment and that women are for the majority of the cases the victims of sexual harassment So what are men to do to overcome this unfortunately accurate stereotype Simple men need a guide book a book that is written in a way they can understand This book needs to be formatted in an easy to read and understand way with simple and basic rules that can guide them through their issues they may be having with the women they work with This book also needs to be written by someone with real man clout not some woman professor at some university no one has ever heard of No the writer of this book needs to be experienced practical and above all manly in a macho sense I have written such a book A Guide to the Choice of Books for Students [and] General Readers Sir Arthur Herbert Dyke Acland,1891 **A Guide to the Choice of Books for Students & General Readers** Arthur H.
