**Hyper-Speed Artificial Intelligence Digital Marketing (AIDM) Technology Certification Coursebook** Srinidhi Ranganathan, Stop learning digital marketing the outdated way Forget everything you think you know about digital marketing The tactics that worked last year are dead The tools you're using today will be obsolete in 6 months The agencies charging 50 lakh rupees per month for digital marketing solutions are about to become irrelevant This book isn't about the past of digital marketing This book is about the future And it's written by someone already living in it Srinidhi Ranganathan known as Digital Marketing Legend has been teaching AI powered digital marketing since 2006 before most people even knew what AI meant in business He's watched the landscape transform completely He's built systems that generate results in days that competitors take months to achieve Now he's sharing everything In Hyper Speed Artificial Intelligence Digital Marketing AIDM Technology Certification Coursebook Srinidhi reveals the exact frameworks tools and strategies he uses to Compress 12 months of marketing execution into 30 days Create

20 pieces of content in the time it takes others to create 1 Automate sales processes that used to require entire teams Scale businesses 5X to 10X in the first year Build AI powered marketing machines that work 24/7 without his involvement This isn't theory This isn't inspiration This is the practical blueprint Srinidhi uses with startups and corporations The same blueprint that has generated millions in revenue The same frameworks his premium consulting clients pay 1 lakh rupees per month to access Now it's available in this coursebook You'll discover The three pillars of Hyper Speed AIDM that change how you think about marketing forever The seven layer AI marketing stack that creates exponential competitive advantage How to create 100 articles per week without writer's block The email automation sequences that convert 8% to 12% of subscribers into customers How to automate your sales funnel so it generates leads while you sleep The exact social media strategy that built a 100K audience organically Advanced AI tools that most marketers don't even know exist How to scale your business without hiring a large team Every chapter ends with a practical secret that multiplies your results Every section includes real numbers and real outcomes Every framework is battle tested in the field If you're tired of digital marketing moving at a snail's pace if you're frustrated watching competitors with bigger teams get better results if you're ready to operate at a different order of magnitude this book is for you This is the book that digital marketing legends are writing about This is the playbook that will define your next decade For Employees If you work in marketing this book will make you invaluable to your organization You'll be able to propose and execute strategies that competitors can't match You'll become the person who delivers 10X results For Freelancers If you're a digital marketer selling services this book teaches you to deliver in days what competitors take weeks to complete You can charge premium rates You can scale your income without working more hours For Entrepreneurs If you're building a business this book gives you the playbook to execute marketing that rivals companies 10X your size You can compete with limited budget and team You can grow faster than traditional businesses can scale For Marketing Agencies If you run an agency this book shows how to deliver 5X more value to clients while reducing your operational costs You can take on bigger clients You can charge premium rates You can scale your agency predictably For Anyone Worried About AI Replacing Them If you're concerned AI will replace marketing professionals this book shows the opposite AI amplifies good marketers It makes them more valuable not less The future belongs to people who can direct intelligence not those who ignore it

### **Artificial Intelligence in the Primary Classroom** Gemma Clark, 2024-05-28

Artificial intelligence AI has sparked a huge debate among teachers and school leaders Many questions arise about the trajectory of this new technology and where it will take us How will we differentiate between student authored work and AI generated content Will it lead to a loss of creativity and critical thinking skills What impact will it have on the dynamics of learning and teaching within schools These are all crucial topics for discussion yet AI has already become part of our reality and Gemma Clark firmly believes that embracing its potential is in our best interests In an era defined by technological advances Artificial Intelligence in the Primary Classroom stands as an indispensable resource that holds the key to

transforming teaching and learning For educators burdened by bureaucratic tasks that divert precious time from actual teaching this book offers a lifeline It demonstrates how AI powered tools can alleviate administrative burdens enabling teachers to focus on the important job of nurturing young minds and to channel their energy and resources into higher impact activities such as crafting tailored learning experiences giving children personalised feedback and improving engagement From time consuming tasks like lesson planning assessment marking and automating report writing processes to facilitating content creation the book details tangible ways in which AI can streamline workflows improve teaching and restore work life balance Other examples include Spelling Lessons Save time when planning your spelling lessons by using AI to automatically generate a comprehensive list of phonemes or sounds suitable for teaching young children Mindfulness in the Classroom If you are interested in incorporating mindfulness games and activities to assist children in relaxation and focus AI can provide valuable suggestions for fostering pupil and staff wellbeing PE Lessons You don t have to be an expert in sports to teach PE Whether it s tennis football rugby or running AI can offer suggestions for activities warm ups and cool downs to use in your PE lessons Art Lessons AI can be an excellent resource for planning art lessons especially when seeking suggestions to emphasize one of the eight elements such as line shape form colour value texture space and value Maths Lessons As with spelling AI can significantly reduce the time spent on creating maths questions and simplify the process of differentiation Artificial Intelligence in the Primary Classroom is filled with practical strategies engaging activities and useful tips and tricks that will save teachers time and energy Gemma provides transferrable ideas and lesson plans with step by step instructions that can be adapted and used in secondary settings as well as primary Backed up by real world examples throughout this book empowers teachers to embrace AI as a tool in fostering enhanced learning experiences while also reclaiming invaluable time for pedagogical creativity Suitable for primary school teachers of all levels of experience
