**TikTok Broadway** Trevor Boffone, 2024 TikTok Broadway Musical Theatre Fandom in the Digital Age explores how TikTok has revolutionized musical theatre fandom and democratized musical theatre fan cultures and spaces The book argues that TikTok has created a new canon of musical theatre thanks to the way virality works on the app expanding musical theatre into a purely digital realm that spills into other non digital aspects of U S popular culture Your Data, Their Billions Jane S. Hoffman, 2022-04-19 THE GUIDE TO USING EVERYDAY TECH FROM GOOGLE SEARCHES AND AMAZON TO GPS AND FACEBOOK WITH EYES WIDE OPEN What if somebody knew everything about you Your relationships work social and private family history finances and medical records even your exact location at any time of the day personal preferences and purchases Somebody does That somebody is Big Tech Facebook Google Amazon Apple and Microsoft know more about you than you do And they make billions of dollars by cashing in on your private data Our personal data which Big Tech companies get for free is the engine that drives the unregulated free for all Wild West world called the digital marketplace These corporate giants may bring us information and entertainment convenience and connection but they also do a lot of harm by threatening our privacy discovering and disseminating our personal information spreading dangerous misinformation from foreign governments and bad actors manipulating our behavior affecting what we see buy even who we vote for So what can we do about it This eye opening book provides vital information that has been out of reach to those who need it most the millions of Facebook Google Amazon Apple and Microsoft users who have come to love and depend upon these digital products Veteran consumer advocate Jane Hoffman makes the complex world of Big Tech simple to grasp as she reveals exactly how Big Tech uses and abuses your personal information And she proposes a bold blueprint for reforming these corporate behemoths including a data dividend Your Data Their Billions is a guidebook to everything at stake in our digital society from Big Tech s overreach into our daily lives to its practices that threaten our democracy Knowledge is power and it starts here *The Digital Humanities Coursebook* Johanna Drucker, Francesca Albrezzi, 2025-11-10 This second edition of The Digital Humanities Coursebook provides critical frameworks for the application of digital humanities tools and platforms which have become an integral part of work across a wide range of disciplines This fully updated edition adds several new topics including XR extended reality and AI artificial intelligence as well as a companion website developed in parallel with the chapters and providing extended how to examples to enable students and teachers to follow step by step demonstrations of tools or platforms Written in an accessible and engaging manner this book is focused on the principles and fundamental concepts for application and each chapter contains case study examples of projects tools and platforms that demonstrate these principles in action This book clearly details how to integrate the acquisition of expertise in data metadata classification interface visualization network analysis topic modeling data mining mapping and web presentation with issues in intellectual property sustainability privacy and the ethical use of information By combining practical information and

critical issues the book demonstrates that no application of digital humanities can be separated from ethical and critical concerns This book is structured to complement courses on digital humanities and provides a series of modules each of which is organized around a set of concerns and topics thought experiments and questions as well as discussions of the ways in which tools and platforms work Each chapter contains an introduction to the topic examples of current and sometimes classic work being done in the field a set of exercises to explore the hands on experience references and recommended readings The Digital Humanities Coursebook will therefore be an indispensable guide for anyone teaching or studying a course in the areas of digital humanities library and information science English or computer science

**Digital Culture in the Platform Era** Shane Tilton, 2025-09-26 This book uses the roles of celebrities in society to frame discussions about digital culture in the platform era and helps us see how we have evolved online in our communication and cultural creations Focusing on the modern types of Internet celebrities influencers opinion leaders nanocelebrities and platform superstars allows us to discuss their online practices and how their work has significantly changed the ways we define our communities within increasingly fragmented digital audiences and platform users Through an exploration of the impact of social media and online communication the book highlights how we are impacted by those who dominate these platforms It identifies three essential components of digital celebrity culture personality reach and content while also providing an in depth analysis of the psychological profiles of four types of celebrities and their connection to audiences Internet celebrities can show us how to make our relationships more meaningful online by focusing on those communication practices that we learned in public speaking with a focus on informing persuading and inspiring This understanding of purposeful content empowers the average Internet user to build authentic connections in an interconnected digital landscape Celebrities are finally models of good practices when it comes to how they reach their audience Their direct messaging tends to mimic the personal conversations that they have with friends group chats are likely part of the celebrity s inter circle public postings on social media become their announcements to the general public and streaming replicates the standards of traditional media broadcasts Examining these dynamics of personalities content and reach gives us valuable insights into how we can effectively navigate digital interactions and ensure that we can craft online works that resonate with the people that we care about This book gives us the model to use practical communication techniques to be more meaningful online
