Carpender, 2018-12-04 Since its publication over 15 years ago, 500 Low Carb Recipes has become a classic in the low carb community, earning author Dana Carpender the affectionate moniker low carb queen from her fans. The book is now a bestseller with over half a million copies sold. Low carb cooking has evolved. A decade ago, low carb menus relied on ingredients like artificial sweeteners, unhealthy vegetable oils, protein additives and processed foods from grocery store shelves like low carb branded snack bars and packaged meals. Today's low carb cooking is influenced by larger food movements such as clean eating, farm to table ingredients, higher fat ratios, thanks to the popularity of ketogenic diets and less stigmatization of foods that have substantial inclusion in a low carb diet, namely animal foods and saturated fat, due to the growth of the Paleo and traditional foods movements. *The New 500 Low Carb Recipes* is the beloved cookbook updated for today's low carb movement. **1,001 Low-Carb Recipes** Dana Carpender, 2010-03 Drawing on the best 1001 recipes from Dana Carpender's bestselling books, you'll find delicious and varied options including recipes for high carb foods you thought you had to give up forever.
