**Trans Cinema** Laura Horak, 2026 An exciting introduction to cinema by the trans creators who are innovating filmmaking to imagine a more inclusive world. Since the 1990s a largely underground upwelling of trans creativity has helped new trans identities, communities and political movements come together. In *Trans Cinema* Laura Horak provides an entryway to the wildly diverse and creative cinema made by trans creators, including those who are Black, Indigenous and people of color. Overlooked until now, this rich collection of media ranges in genre from romantic comedies to horror films and asks essential questions about how to be human and how to craft a livable life in a world on fire. Using the fundamentals of film studies, Horak reveals the innovative approaches taken by trans and gender nonconforming artists to explore how we relate to other people, what it's like to have a body and how we survive in an oppressive society. These filmmakers tackle the challenging paradox of representing trans lives when greater visibility is associated with ever increasing levels of harm. In the process, they produce art that emphasizes trans survival and resilience and imagines a more expansive world for trans communities.
