Samsung Galaxy Deal Customer Service:

The AI Revolution in Customer Service and Support Ross Smith, Mayte Cubino, Emily McKeon, 2024-07-16 In the rapidly evolving AI landscape customer service and support professionals find themselves in a prime position to take advantage of this innovative technology to drive customer success. The AI Revolution in Customer Service and Support is a practical guide for professionals who want to harness the power of generative AI within their organizations to create more powerful customer and employee experiences. This book is designed to equip you with the knowledge and confidence to embrace the AI revolution and integrate the technology such as large language models (LLMs), machine learning, predictive analytics, and gamified learning into the customer experience. Start your journey toward leveraging this technology effectively to optimize organizational productivity. A portion of the book's proceeds will be donated to the nonprofit Future World Alliance dedicated to K-12 AI ethics education.

IN THIS BOOK YOU'LL LEARN About AI machine learning and data science. How to develop an AI vision for your organization. How and where to incorporate AI technology in your customer experience flow. About new roles and responsibilities for your organization. How to improve customer experience while optimizing productivity. How to implement responsible AI practices. How to strengthen your culture across all generations in the workplace. How to address concerns and build strategies for reskilling and upskilling your people. How to incorporate games, play, and other techniques to engage your agents with AI. Explore thought experiments for the future of support in your organization. Insightful, comprehensive, and forward-thinking.

If you run a service support operation, put this book on your essential reading list right now.

PHIL WOLFENDEN Cisco VP Customer Experience

This book is both timely and relevant as we enter an unprecedented period in our industry and the broader world driven by Generative AI. The magnitude and speed of change we're experiencing is astounding, and this book does an outstanding job of balancing technical knowledge with the people and ethical considerations. We must also keep front of mind.

BRYAN BELMONT Microsoft Corporate VP Customer Service Support

The authors of this book are undoubtedly on the front lines of operationalizing Gen AI implementations in customer support environments, and they know undoubtedly that at its core, support is about people and genuine human connections. This book walks you through their journey to keep people at the center of this technical tsunami.

The Real-Time Revolution Jerry Power, Thomas Ferratt, 2019-09-03

Time has become a precious commodity, so business leaders who can save their customers time more effectively than competitors do will win their loyalty. This book shows how it's done. Business survival requires valuing what customers value, and in our overworked and distraction-rich era, customers value their time above all else. Real-time companies beat their rivals by being faster and more responsive in meeting customer needs. To become a real-time company, as top scholars Jerry Power and Tom Ferratt explain, you need a real-time monitoring and response system. They offer detailed advice on how to put procedures in place that will collect data on how well products or services are saving customer time, identify strengths, weaknesses, threats, and opportunities.

opportunities and specify innovations needed to save even more customer time Where should leaders look to innovate Powers and Ferratt say to search every step in the life of a product or service from development to production to usage And for each step they identify four possible levers for innovation the design of the products or services themselves the process used to produce them the data that can be gathered on their use and the people who make or provide the product or service The book features dozens of examples of companies that are getting it right and the innovations they used to help their customers save time all while helping themselves to a hefty slice of market share This is a comprehensive authoritative guide to thriving in a revolution that is sweeping every industry and sector *Guide for NIFT/NID/IIFT 2021* Arihant Experts,2020-04-26 One certain thing in the fashion world is change Fashion is a language which tells a story about the person who wears it Katherine Hamnett a Top British Fashion designer describes fashion as Clothes create a wordless means of communication that we all understand Some of the top Institution like NIFT NID and IIFT conduct their respective entrance exams to provide lucrative and flourishing careers in fashion designing The Ultimate Guide for NIFT NID IIFT leads you to the path of fashion and its design comprehensively covering all the syllabus of almost all the universities and Institutions which are offering the bachelors and masters courses in Fashion Designing The book carries complete study material that covers both Undergraduate and Postgraduate entrance examinations It has been divided into Seven Sections which are further divided into chapter as per the syllabi and exam pattern The explanation of each section has well elaborated leave no stones untouched in a lucid manner After each section 2 Sections Tests provided for the quick revision of the concepts ample number of MCQs have been provided and for the complete practice 3 Practice Sets have been provided at the end of the book Detailed Solved Paper 2020 have been provided to give hint to the level and types of questions they come in the exams
