Top Movies Today Store Hours:

The Top 100 Military Sites in America L. Douglas Keeney, 2018-10-01 Military tourism has exploded. Last year more than 30 million Americans bought a ticket to visit a military destination, setting visitation records from New York to California. But what destinations and where did they go? The truth is that there are uncounted military sites you can see and visit, some on and some off the beaten path. There are secret missile sites, life-sized dioramas, outdoor tank, ship and bomber parks, and incredible exhibits with stories to tell that will astound you. All you'll need is this book and a driver's license to find and visit them, and perhaps a map for the most hidden of them all. Did you know that the Coast Guard mounted a rescue effort on 9/11 and evacuated more than 100,000 New Yorkers from Manhattan by boat? Go to the little-known Naval Air Station Wildwood Museum in Cape May, New Jersey, to discover that story. How about the remnants of the helicopter from *Blackhawk Down* or the lifeboat from *Captain Phillips* or even the Airbus pulled from the Hudson River that was piloted by Sully Sullenberger? We'll tell you where to go to find all of these objects and many, many more. Perhaps, intrigue is more your suit. You can't go into Area 51, but the government now acknowledges that it exists, so we can suggest a drive near the perimeter that lets your imagination go wild. And while you're in Nevada, we'll tell you how to join an almost secret caravan of cars that goes out to the exact spot where atomic bombs were once detonated, that and all the info you need to see a fantastic museum in Las Vegas that features all of our formerly secret nuclear air-to-air missiles, nuclear howitzers, nuclear artillery shells, and nuclear... who knows what? And so it goes. Fire the gun on a Sherman tank, walk the decks of an aircraft carrier, go inside a hush-hush submarine, sit in a F-4 Phantom, fly in a Huey, see the trenches of World War I, walk the beaches of D-Day, see a CIA airbase, all of it here in America, all waiting for you to explore.

, 1926 The Business of Entertainment Robert C. Sickels, 2008-11-30 We love to be entertained. And today's technology makes that easier than ever. Listen to tunes while working out? No problem. Watch a movie on your cell phone? Can do. Get 450 channels of digital entertainment bounced off a satellite and into your vehicle, even while traveling through empty wastelands? Simple. But behind these experiences is a complex industry dominated by a handful of global media conglomerates whose executives exert considerable influence over the artists and projects they bankroll. The processes by which products are developed and the methods they use to promote and distribute entertainment. As this set shows, the industries in which commerce, art, and technology intersect are among the most fascinating in all of business. Entertainment is a high-stakes industry where stars are born and flame out in the blink of an eye, where multimillion-dollar deals are made on a daily basis, and where cultural mores for better or worse are shaped and reinforced. *The Business of Entertainment* lifts the curtain to show the machinery and sleight of hand behind the films, TV shows, music, and radio programs we can't live without. *The Business of Entertainment* comprises three volumes covering movies, popular music, and television. But it's not all about stars and glitter; it's as much about the nuts and bolts of daily life in the industry, including the challenges of digitizing content.
