Ellen White for Teens Seth J. Pierce,2015-07-01 What We Believe Ok so what do you know about Ellen White The question was fairly innocuous a simple query about a historical person posed to a group of teenagers in a Bible class I stood at the front of the room ready to write their responses on the white board What followed was a torrent of wild answers that scarcely seemed to be about the same person or any person for that matter To my great delight the students rewarded me with a biographical sketch that belonged in a game of Mad Libs She hated bread Cheese is poison Stopped breathing during visions She was bazillion year old Wrote a lot of books Didn t like black pepper Didn t like tea She was hit by a rock Seth pierce does it again In Ellen White for Teens he takes a challenging topic and explores it with insight wisdom and humor in a language that teens will understand Topics include the following Did Ellen Ever Make Mistakes What s the Difference Between Her Books and the Bible Are You Gonna Eat That Ellen and Us Seth writes My prayer is that you will become a friend of Ellen s You may find her challenging aggravating beautiful confusing or inspiring or all of these at the same time but that s true of anybody we have a close relationship with Above all I hope you hear a voice that will point you to Jesus Her voice matters and I hope you can begin to hear it in the pages of this book Book jacket

## **Teens and Libraries** Virginia A. Walter,Elaine Meyers,2003-07-21

Getting it right means understanding our roles as adults and professionals Getting it right requires a genuine commitment to youth participation Getting it right is about shifting our perspective from the library to the community in which it is located Getting it right makes it imperative that we give teens a place of their own in our libraries From the Preface Libraries have opportunities to make a positive difference in the lives of teenage customers and become a primary support for teens in the communities they serve Truly excellent library services for young adults YA need the collaborative efforts of both teens and

librarians To build this partnership the authors share an inspiring narrative of YA history and also offer a plethora of new voices and stories that advocate the power of technology and teen spaces These story lines are then melded to highlight practical tools to involve teens at the library and make a bright future possible As the authors explore what has been done well and what hasn't in the world of young adult librarianship they identify key issues from the plethora of new voices How librarians can work with not for young adult customers Why the power of place means actual square footage designed for teens Ways to incorporate technology to achieve developmental outcomes Listening to teen voices to better serve their needs How evaluation and being accountable will close the loop on effective advocacy The authors guide both librarians and administrators to make promises for the future and present a strategy for keeping those promises so that young adult audiences can become active library and community participants From building partnerships to implementing successful programs to incorporating technology that helps teens assume leadership and responsibility this is an inspiring yet practical take on what it means to get it right for teens in the library
