*Reading Shakespeare in Jewish Theological Frameworks* Caroline Wiesenthal Lion, 2022-08-24 Reading Shakespeare in Jewish Theological Frameworks Shylock Beyond the Holocaust uses Jewish theology to mount a courageous new reading of a four hundred year old play The Merchant of Venice While victimhood and antisemitism have been the understandable focus of the Merchant critical history for decades Lion urges scholars performers and readers to see beyond the racism in Shakespeare s plays by recovering Shakespearean themes of potentiality and human flourishing as they emerge within the Jewish tradition itself Lion joins the race conversation in Shakespeare studies today by drawing on the intellectual history and oppression of the Jewish people borrowing from thinkers Franz Rosenzweig and Abraham Joshua Heschel as well as Hannah Arendt Walter Benjamin Jacques Derrida Emmanuel Levinas and rabbis from the Talmud to today This volume interweaves post confessional Protestant Catholic Muslim Jewish and mystical ideas with Shakespeare s poetry and opens conversations of prophecy love spirituality care and community It concludes with brief critical sketches of Antony and Cleopatra Hamlet and Macbeth to demonstrate that Shakespeare when interpreted through Jewish theological frameworks can point to post credal solutions and transformed societal paradigms of repair that encourage action and the shaping of a finer world

*Jewish Scholarship and Culture in Nineteenth-Century Germany* Nils Roemer, 2005-10-01 German Jews were fully assimilated and secularized in the nineteenth century or so it is commonly assumed In Jewish Scholarship and Culture in the Nineteenth Century Nils Roemer challenges this assumption finding that religious sentiments concepts and rhetoric found expression through a newly emerging theological historicism at the center of modern German Jewish culture Modern German Jewish identity developed during the struggle for emancipation debates about religious and cultural renewal and battles against anti Semitism A key component of

this identity was historical memory which Jewish scholars had begun to infuse with theological perspectives beginning in the 1850s After German reunification in the early 1870s Jewish intellectuals reevaluated their enthusiastic embrace of liberalism and secularism Without abandoning the ideal of tolerance they asserted a right to cultural religious difference for themselves an ideal they held to even more tightly in the face of growing anti-Semitism This newly re-theologized Jewish history Roemer argues helped German Jews fend off anti-Semitic attacks by strengthening their own sense of their culture and tradition
