Christen,E. Hofmann,2012-12-06 In the mid 1980s the European Journal of Biochemistry set out to publish review articles The enterprise proved successful resulting in high level reviews written by well known scientists appearing in the Journal The reviews represent emerging and rapidly growing fields of research in fundamental as well as applied areas of biochemistry such as medicine biotechnology agriculture and nutrition Novel methodological and technological approaches which stimulate biochemical research are also included The authors of the reviews are explicitly asked to be critical selective evaluative and interdisciplinarily oriented The reviews should encourage young scientists toward independent and creative thinking and inform active investigators about the state of the art in a given field Annual Review of Medicine Cecil H. Coggins,1997-02 The Excellence Engine Tool Kit Chester D. Rowe,Stephen M. Davis,2008-08-23 This revised workbook introduces the use of a new Cause Investigation tool the Cause Road Map c This Cause Road Map c is a multi function event cause investigation tool that provides a

structured approach to finding the underlying causes for events It will provide a comprehensive taxonomy for EVERY cause investigation including root cause apparent cause equipment cause and common cause This workbook guides the reader through the use of various investigation analysis and event modeling tools including the Excellence Engine s Cause Road Map c Following the discussion on various investigation and modeling tools the authors show why integrating multiple tools with the Cause Road Map c is necessary to reveal latent causal factors This revised workbook also includes discussions on many other topics key to the success event investigations
