**The Other Architecture** Ralph W. Liebing, 2010-11-29 How does the architectural design become reality After a successful presentation come the phase of tenders and that of their realization Design must now be reformulated into working drawings That's exactly what Liebing a renowned expert for plan views and detailed views calls the other architecture Working drawings constitute the basis for the real construction itself In the firms mostly young architects are charged with these tasks But during education this topic is often addressed insufficiently The correct transformation of a presentation design into working drawings for a bid and its realization is however essential for the quality of execution The Other Architecture understands itself as a practical manual for young architects and as a complement in the field of building construction for students *The Architect's Handbook of Professional Practice* American Institute of Architects, 2013-11-25

Delft University of Technology Luisa Calabrese,2009* The theme of this Architecture Annual is Realize in just one year the Faculty of Architecture and its staff in collaboration with internal and external designers were able to realize quite a lot an efficient and successful relocation to a temporary tent camp and a completely new faculty on Julianalaan preface [Beyond Patronage](#) Joyce Hwang,Martha Bohm,2016-01-15 Essays projects and interviews will examine emerging forms of sponsorship new forms of connectivity technological or social that produce innovative modes of collaboration and strategies for cultivating relationships that allow us to rethink typical hierarchies between those in power and those in service One could argue that the profession of architecture has traditionally been characterized by patronage Throughout the twentieth century private clients have enabled architects to develop and realize their most significant work Today the landscape of patronage is shifting While the role of private clients is still central to the survival of the profession an increasing number of architects and design practitioners are actively cultivating partnerships with not for profits granting agencies educational institutions and other public organizations How are these broader relationships redefining the role of patronage in architecture Have our current economic ecological and political climates provoked architecture to confront its own priorities and assumptions How can the practice of architecture be shaped not only through relationships of power but also through strategies of empowerment How are emerging practitioners today grappling with issues of inclusion and exclusion in the field *(Un)Common Precedents in Architectural Design* Federica Goffi,Isabel Potworowski,Kristin Washco,2025-12-31 Un Common Precedents in Architectural Design calls for an attentive examination of the uncommon that inspires creativity prompting a re examination of both common and marginalised precedents Precedents and their origins can be idiosyncratic and it is not surprising that they often lead to unpredictable outcomes The uncommon is explored as an undervalued unregulated and informal approach to precedents acknowledging a radical imagination in architectural design that extends beyond visual and typological considerations expanding the field of influence beyond buildings to investigate interdisciplinary exchanges and a multisensory imagination This book addresses a critical need to re examine architectural precedents understanding why how and what we study to reveal the intentions transmedia explorations and referents behind the workings of a more inclusive architectural imagination nurtured in multicultural practices and teaching environments Un

Common Precedents thus underlines the non conformity and inordinance of precedents and the necessity of their divergence drawing attention to different socio political contexts that resist reject and replace the canonisation of precedents based on dominant ocular centric approaches with local experiential transdisciplinary and uncommon ones The book offers an alternative to the compulsion to normalise universalise repeat restate and re enact transforming the documentation of far removed precedents through first person experiences *Good Practices / Best Practices: A Manifesto for Academic Design Education and Research on Creative Practice* Carl Bourgeois, Karen Maex, Kris Scheerlinck, Yves Schoonjans, Margarita Greene, Chris Van Keer, Liesbeth Huybrechts, Hilde Heynen, Richard Blythe, Johan Verbeke, Frank van der Hoeven, Guy Van Kerckhoven, 2012-11-12 *The Architect's Handbook of Professional Practice* Joseph A. Demkin, American Institute of Architects, 2008-03-24 This updated resource covers all aspects of architectural practice featuring new material of sustainable design managing multiple offices lifelong learning mentoring and team building revised content on programming project management construction contract administration risk management and ethics and coverage of small firm considerations as well as emerging issues such as integrated practice and integrated project delivery Jacket *Beyond Description* Ryan Bishop, John Phillips, Wei-Wei Yeo, 2004-08-02 Treated from a range of disciplinary perspectives this book addresses and challenges issues of space historicity architecture and textuality by focusing on Singapore's singular position in the region and as a global city *The Architect's Handbook of Professional Practice* David S.
