## **The Perfect Creation:**

Back to the Beginning of a Perfect Creation Charles Pratt, 2021-01-27 The beginning of Genesis represents the basic foundation of the entire Bible. If the reader does not understand the foundational truths then he will likely misunderstand the rest of the book. The truths that follow stand or fall upon the foundation of the first few chapters of Genesis. This book is a personal passion of my heart from a conservative viewpoint of God's Creation of the world. Things did not just come into existence by some cosmic accident or chance but by an Ingenious Designer Creator that purposed every facet of His perfect creation. Many individuals have been deceived with the teachings and the lies of evolution such as man arriving from a monkey. Some teachers have used these lies that the earth is billions of years old. However, the Bible clearly teaches that creation came to pass just over 6,000 years ago. Those years are well documented in Genesis and other Bible accounts. Since my first degree was in science, it is my desire to show every person possible that the Bible is absolutely true and completely trustworthy. The truth is that science is attempting to catch up with biblical truth yet it never will. That is because the Creator of this vast universe is so far advanced of all scientific discoveries that man will never be able to reach that super human level of wisdom. God possesses unlimited understanding of creation that man will never achieve. In the beginning, every single thing made was perfect until man committed sin in Genesis 3. My desire is to inspire all who are seeking to uncover the truth about creation, to study those conservative teachings about life and how human beings arrived on earth. There is absolutely no scientific evidence of any humans living on any of the other planets. God announced early in Genesis that His focus was upon the heavens and the earth, which is taught throughout the Bible. He never mentions about man getting to another planet but He does desire that all humans go to heaven. The provision for man to go to heaven is through the blood of Jesus, since this is the Only Way.

**The Perfect Creation** Susan Ann Sherman, 1960      **From the Divine to the Human** Muhammad U. Faruque, Mohammed Rustom, 2023-06-28 Featuring the work of leading contemporary Muslim philosophers and theologians, this book grapples with various forms of evil and suffering in the world today from COVID 19 and issues in climate change to problems in palliative care and human vulnerability. Rather than walking down well-trodden paths in philosophy of religion which often address questions of evil and suffering by focusing on divine attributes and the God-world relationship, this volume offers another path of inquiry by focusing on human vulnerability, potential and resilience. Addressing both the theoretical and practical dimensions of the question of evil, topics range from the transformative power of love, virtue ethics in Sufism and the necessity of suffering to the spiritual significance of the body and Islamic perspectives on embodiment. In doing so, the contributors propose new perspectives based on various pre-modern and contemporary materials that can enrich the emerging field of the global philosophy of religion, thereby radically transforming contemporary debates on the nature of evil and suffering. The book will appeal to researchers in a variety of disciplines including Islamic philosophy, religious studies, Sufism and theology.

*THE CASE FOR EVERLASTING LIFE* Jimmie Chapman,2018-05-21 Is death the end of the road for us as many people believe Or do we continue to live in a state of existence where we are aware and perceptive of our surroundings Christianity is the only religion that promises mankind hope for everlasting life where the soul and body live on in a glorified state with the Creator and under his loving care The Holy Bible reveals some wonderfully intriguing and little known facts about life Author Dr Jimmie Chapman builds a convincing case for everlasting life in this book He gives biblical proof of the preexisting life clearly states our purpose for the present life and with equal clarity he defines our destiny in the afterlife This book is filled with scriptural support and would make an excellent resource for a Bible study on everlasting life

**Confessions of a Heretic** Eric Leland Saak,2025-06-15 This book is the second of a planned three volume systematic theology under the title Confessions of a Heretic Volume One which has the subtitle Philosophical Considerations was published by Archway in 2024 The project now turns to Theological Considerations with the forthcoming Volume Three being Ecclesiological Consideration Organized into three Parts Volume Two focuses on the theological endeavor and the doctrines distinctive to Christianity namely the Trinity Jesus Christ sin and salvation Based on the foundational distinctions and definitions explicated in Volume One the current volume seeks to ask what the philosophical considerations imply for basic traditional understandings and terminology of Christian theology including that of Jesus of Nazareth his crucifixion and resurrection The project as a whole adopts a trinitarian structure with this second volume focused on God the Son or as here termed God the Perfector The argument is that Christian Theology

needs to shift from an anthropocentric to a theocentric approach recognizing human beings simply as creatures and having the courage to face what that entails Yet doing so necessitates a radical reconceptualization of the very foundations of Christian Theology itself in the attempt to combat idolatry     [The British Study Edition of the Urantia Papers Book \[A4 PDF\]](#)
