Social media marketing refers to the utilization of social media platforms as well as websites to promote a product or service. Most of these social media platforms come with their own built-in data analytics tools which allow companies to track the progress, success as well as the engagement of ad campaigns. On a strategic level, social media marketing involves the management of the implementation of a marketing campaign, governance, setting the scope and the establishment of a firm's desired social media culture and tone. For one to use social media effectively, you should learn to allow customers and internet users to post user-generated content rather than use marketer-prepared advertising copy.
