**Global Marketing Strategy** Bodo B. Schlegelmilch, 2022-02-16 This book has been written for experienced managers and students in postgraduate programs such as MBA or specialized master's programs. In a systematic yet concise manner it addresses all major issues companies face when conducting business across national and cultural boundaries including assessing and selecting the most promising overseas markets, evaluating market entry alternatives and examining the forces that drive adaptation versus standardization of the marketing mix. It looks at the various global marketing challenges from a strategic perspective and also addresses topics not usually found in international marketing texts such as aligning marketing strategies with global organizational structures and managing the relationship between national subsidiaries, regional headquarters and global headquarters as well as corporate social responsibility challenges and pertinent future trends that are likely to affect global business. A guide to suitable video resources giving additional background to this book can be downloaded by all readers by contacting the author. Instructors can also obtain additional support material for teaching. Please email Bodo Schlegelmilch at WU Vienna using your institutional email and stating your university affiliation. More than 400 PowerPoint slides covering the material in each chapter. Open Ended Questions. A comprehensive multiple choice test bank with solutions

**Chinese Business** Hong Liu, 2017-07-14 It is difficult to overstate the importance of China to the world economy and yet the majority of books either look at Chinese business by applying Western frameworks or models to the context of China or focus on a particular aspect of business in China. Authored by an academic expert on China, this new completely revised edition of Chinese Business offers its readers a comprehensive and systematic body of knowledge of Chinese business. It has taken a holistic perspective intending to achieve a balance between the academic and practical between theory and practice and between traditional and current Internet-based industry. The framework of this book subsumes all the major factors that should be taken into consideration when Western companies contemplate a China strategy including history, philosophy, ancient military classics, strategy and marketing innovation, Internet business and human resources. The discussion of these factors is supplemented with insightful case studies. Chinese Business Second Edition can be used as a textbook for undergraduates and postgraduates at business schools and as a useful reference for researchers, senior executives, consultants and government officials involved in Chinese business
