Bizarre Medical Ideas

Edzard Ernst,2024-05-26 This book focuses on the individuals who invented specific forms of alternative medicine Examples are Hahnemann homeopathy Still osteopathy Schulz autogenic training In total about 40 such personalities are included in the book They have all led unusual lives and the book explores their journey towards their inventions Certain characteristics seem to emerge They are all male Many originated from Europe Most of them are white Many gave their name to the therapy Many inventions are relatively recent Many inventors are not doctors Most inventors claim to have found a panacea Many adhere to vitalistic ideas Almost all of the inventors are fully convinced of their invention Inventions are often based on personal experience The inventions tend to be implausible even by the standards of their time The book explores all these themes and where appropriate contrasts them with the corresponding situation in conventional medicine

Falls in Older

Adults: Prevention and Risk Evaluation Tzvi Dwolatzky,2023-10-16 Falls are a major health challenge and represent the leading cause of accidental death in older adults It is essential to identify those factors associated with an increased risk for falls and to develop specific programs for fall prevention The risk of falling can be assessed in older adults using different parameters including biological psychosocial socioeconomic behavioral and environmental factors For example the risk of falls increases when vision is impaired when sleep quality is poor or when mood is depressed Moreover physical parameters such as changes in body mass and blood pressure are risk factors for falls in older adults
