The first six characters indicate the model and second six characters are motor serial number. The first character of serial number indicates year of manufacture. The years 1977, 1978 and 1979 are identified by the letters "C," "D" and "F" respectively. Starting with 1980, the first number in serial number corresponds with model year. Davis,2022 This book offers an in depth introduction to the philosophy and practice of Zen Buddhism Bret Davis explores the philosophical implications of Zen teachings and koans comparing and contrasting these with other Asian as well as Western religions and philosophies He relates traditional Zen teachings and practices to our twenty first century lives In addition to being a scholarly and philosophical introduction to Zen the book provides concrete instructions for beginning a practice of Zen meditation Its twenty four chapters treat such philosophical topics as the self nature art morality and language as well as basic Buddhist teachings such as the middle way and karma Davis introduces the Zen based philosophies of the Kyoto School and also engages in interreligious dialogue with Christianity and other religions as well as with other schools of Buddhism The concluding chapter reviews the path of Zen practice and enlightenment by way of commenting on the beloved Zen classic The Ten Oxherding Pictures The book can be read in its entirety as a coherently organized introduction to the philosophy and practice of Zen or chapters can be read independently according to the reader s specific interests Zen Ritual Steven Heine,Dale S. Wright,2008 When books about Zen Buddhism began appearing in Western languages just over a half century ago there was no interest whatsoever in the role of ritual in Zen Indeed what attracted Western readers interest was the Zen rejection of ritual The famous Beat Zen writers were delighted by the Zen emphasis on spontaneity as opposed to planned repetitious action and wrote inspirationally about the demythologized anti ritualized spirit of Zen Quotes from the great Zen masters supported this understanding of Zen and led to the fervor that fueled the opening of Zen centers throughout the West Once Western practitioners in these centers began to practice Zen seriously however they discovered that zazen Zen meditation is a ritualized practice supported by centuries old ritual practices of East Asia Although initially in tension with the popular anti ritual image of ancient Zen masters interest in Zen ritual has increased along with awareness of its fundamental role in the spirit of Zen Eventually Zen practitioners would form the idea of no mind or the open and

awakened state of mind in which ingrained habits of thinking give way to more receptive direct forms of experience This notion provides a perspective from which ritual could gain enormous respect as a vehicle to spiritual awakening and thus this volume seeks to emphasize the significance of ritual in Zen practice Containing 9 articles by prominent scholars about a variety of topics including Zen rituals kinhin and zazen this volume covers rituals from the early Chan period to modern Japan Each chapter covers key developments that occurred in the Linji Rinzai and Caodan Soto schools of China and Japan describing how Zen rituals mold the lives and characters of its practitioners shaping them in accordance with the ideal of Zen awakening This volume is a significant step towards placing these practices in a larger historical and analytical perspective
