**The Spitfire Smiths** Rod Smith, Christopher Shores, 2008-09-22 A posthumous autobiography culled from a partial manuscript and notes by Canada's World War II fighter ace and his equally heroic brother In late 2001 Rod Smith died tragically at his own hand leaving behind a part written autobiography and many notes His friend the historian Christopher Shores took on the task of seeking to complete the story as nearly as possible to how he believed Rod had wished it to be Rod and his brother Jerry both became Spitfire pilots during World War II leaving their home in Canada only to find themselves purely by chance serving together in the defense of Malta during 1942 Jerry had already gained some fame as the first pilot ever to land a Spitfire on an aircraft carrier Both showed immediate promise as fighter pilots but by the end of that year Jerry was dead last seen chasing a German bomber out to sea while Rod had become an ace and would receive the D F C Two years later serving as a squadron commander in Western Europe he claimed six Messerschmitts down within a single week and was involved in the shooting down of the first German jet aircraft to fall to British Commonwealth fighters He ended the war as one of Canada's highest scoring aces with more than 13 victories to his credit After the war he qualified as both an aeronautical engineer and a barrister His untimely death was a great loss not only to his family and friends but to the wider world of aviation history as well This book containing many diary entries from each of the brothers is a testament to them

*A Spy in the Sky* Kenneth B. Johnson, 2019-09-30 A n enjoyable ramble the memoir of an unassuming self doubting aviator who despite himself proved to be pretty bloody good Aircrew Book Review Many stories abound of the daring exploits of the RAF's young fighter pilots defying the might of Hitler's Luftwaffe yet little has been written about the pilots who provided the key evidence that guided the RAF planners the aerial photographers Ken Johnson joined No 1 Photographic Reconnaissance Unit as an eighteen year old In this lighthearted reminiscence he relives his training and transfer to an operational unit but not the one he had expected He had asked if he could fly Spitfires He was granted that request only to find himself joining a rare band of flyers who took to the skies alone and who flew in broad daylight to photograph enemy installations with no radios and no armament Unlike the fighter pilots who sought out enemy aircraft the pilots of the PRU endeavored to avoid all contact returning safely with their vital photographs was their sole objective As well as flying in northern Europe Ken Johnson was sent to North Africa where his squadron became part of the United States Army Air Force North West African Photographic Wing NAPRW In this role he flew across southern Europe photographing targets in France and Italy The *Spy in the Sky* fills a much needed gap in the history of the RAF and uniquely the USAAF during the latter stages of the Second World War The sorties he flew are nothing less than heroic his writing style is very good and very humorous at that Flyin and Ridin Blog **Flying Magazine** ,1953-11 **Flying Magazine** ,1988-04 [Why Planes Crash Case Files: 2001-2003](#) Sylvia Wrigley, 2018-12-17 This riveting series goes beyond the news clips and investigates the most harrowing and inexplicable plane crashes from 2001-2003 Appearing for the first time in a bundle this book contains thirty three incidents

and accidents from the series so far Please note that this is a compilation of the existing three books and does not include new content Every chapter features a detailed walk through of a real life air emergency The author combines official investigation reports and modern media coverage as well as cockpit and ATC transcripts to take the reader through these accidents and near misses Why Planes Crash offers an exciting and compelling look at the critical moments which define an aviation accident explaining both the how and the why of catastrophic accidents in modern times From disintegrating airliners to in flight suicide to maintenance shortcuts the author critically looks into each factor that might have lead to the crash Her investigations and deep insight aim to make the reader into a witness to the investigation and yet it is comprehensive enough for anyone with no aviation knowledge to understand For those aviation enthusiasts that wish to delve beyond the sensationalist headlines on aviation accidents Sylvia Spruck Wrigley s Why Planes Crash will satisfy their needs Informative critical and insightful HAL STOEN STOENWORKS AVIATION The author has done a remarkable job in not only researching the evidence of the accidents she covers and in putting across the problems of an investigation but she has managed to do this in a way that will interest and appeal to a wide range of readers JOHN FARLEY OBE AUTHOR OF VIEW FROM THE HOVER **Malco Polia - Traveller, Warrior** Gilbert Buchanan,2003-03-14 Gilbert Buchanan s third book of The Malco Polia Quartette is Traveller Warrior Malco Polia and in the spirit of Harry Potter it shares the same uninhibited style of storytelling It is an exciting young man s sensuous excursion through the horrific tragedies and joys of the last mid century travelling around the world Flying Magazine ,1975-10 Air Pictorial ,1987 DH9: From Ruin to Restoration Guy Black,2019-11-01 How two British World War I era planes came to be found many decades later in India and returned to their former glory In 2000 upon hearing rumors of aircraft parts being found in a maharaja s palace in India Guy Black took a trip that would lead to the most unexpected discovery of his life Hidden away in a former elephant stable of the maharaja s palace in Bikaner Rajasthan were the hulks of at least two DH9 bombers This was no example of this WWI aircraft in existence in Britain Recognizing their importance to the UK s aviation heritage and excited by the challenge of restoration Guy set about negotiating their purchase and returning them back to England In DH9 From Ruin to Restoration Guy Black details the intriguing history of how these two rare aircraft D 5649 and E 8894 came to be in India under the Imperial Gift Scheme He also reveals the extraordinary efforts in recovering these two planes and the extensive restoration project undertaken to bring them to their former glory With D 5649 restored as a static and proudly on display at IWM Duxford he then set about getting E 8894 back to airworthy status The book then moves on to the highly anticipated flight of E 8894 and the years of frustration that followed until its maiden flight with Dodge Bailey at the controls on May 13 2019 making it the only WWI bomber flying anywhere in the world Told in meticulous detail this fully illustrated book includes a foreword by Andy Saunders and is a must have of all WWI and aircraft enthusiasts **Flying Magazine** ,1972-01 **Flying Magazine** ,1988-04 Sport Aviation ,1981 **Manual of Instructions for the Operation and Maintenance of the Tiger Moth**
