Time Arturo Frondizi:

The Life and Times of Raúl Prebisch, 1901-1986 Edgar J. Dosman, 2009-07-15 Raúl Prebisch was a leader in economic development theory and international economic policy an institution builder and an international diplomat The Life and Times of Raúl Prebisch provides the first book length account of his life and work a story cast against the backdrop of Latin America the Cold War the rise of the United Nations and the struggle for equity between first and third worlds A wunderkind Prebisch occupied key positions at the Argentine ministry of finance in his twenties and was the general manager of the Argentine Central Bank before forty Exiled by Juan Perón after World War II he became arguably the most influential Latin American official at the UN heading such international organizations as the Economic Commission for Latin America and the United Nations Conference on Trade and Development

CRIME WITHOUT PUNISHMENT Dr. Carlos J. Bringuier, 2013-12 He had the opportunity of meeting Oswald and New Orleans District Attorney Jim Garrison After having read the 26 Volumes of the Warren Commission and almost 50 years of investigation he presents a clear vision of the assassination of President Kennedy and he brings evidence showing Fidel Castro as the intellectual mastermind of the assassination His indictment of Fidel Castro is based on evidence that the Warren Commission was never aware of

Diefenbaker and Latin America Jason Gregory Zorbas, 2011-07-13 John Diefenbaker's Latin American policy was based on his vision of Canada's national interest which placed a strong emphasis on the achievement of greater autonomy in foreign policy for Canada vis vis the US and the expansion of Canadian exports to the region Though Diefenbaker was often accused of being driven by anti Americanism instead his Latin American policy was based on his vision of Canada's national interest For Diefenbaker an enhanced relationship with Latin America had the potential to lessen Canada's dependency on the US while giving Latin American countries an outlet for their trade commercial and financial relations other than the US This new approach implied that Canada would formulate and implement policy that focused more on Canadian political interests and goals It was not a matter of charting a totally independent policy from the US in Latin America true policy independence was impossible to achieve Nor was it the case that Canada would necessarily set itself in opposition to the US when it disagreed with its policies For Diefenbaker the goal was to pursue a foreign policy that was aligned with but not subservient to the US
