Gender, Pleasure, and Violence Agnieszka Kościńska, 2021-01-01 Behind the Iron Curtain the politics of sexuality and gender were in many ways more progressive than the West While Polish citizens undoubtedly suffered under the oppressive totalitarianism of socialism abortion was legal clear laws protected victims of rape and it was relatively easy to legally change one's gender In *Gender Pleasure and Violence* Agnieszka Kościńska reveals that sexologists experts such as physicians therapists and educators not only treated patients but also held sex education classes at school published regular columns in the press and authored highly popular sex manuals that sold millions of copies Yet strict gender roles within the home meant that true equality was never fully within reach Drawing on interviews participant observation and archival work Kościńska shares how professions like sexologists defined the notions of sexual pleasure and sexual violence under these sweeping cultural changes By tracing the study of sexual human behavior as it was developed and professionalized in Poland since the 1960s *Gender Pleasure and Violence* explores how the collapse of socialism brought both restrictions in gender rights and new opportunities

Eating the Enlightenment E.C. Spary, 2013-04-08 *Eating the Enlightenment* offers a new perspective on the history of food looking at writings about cuisine diet and food chemistry as a key to larger debates over the state of the nation in Old Regime France Embracing a wide range of authors and scientific or medical practitioners from physicians and poets to philosophes and playwrights E.C. Spary demonstrates how public discussions of eating and drinking were used to articulate concerns about the state of civilization versus that of nature about the effects of consumption upon the identities of individuals and nations and about the proper form and practice of scholarship En route Spary devotes extensive attention to the manufacture trade and eating of foods focusing upon coffee and liqueurs in particular and also considers controversies over specific issues such as the chemistry of digestion and the nature of alcohol Familiar figures such as Fontenelle Diderot and Rousseau appear alongside little known individuals from the margins of the world of letters the draughts playing café owner Charles Manoury the Turkish envoy Soliman Aga and the natural philosopher Jacques Gautier d'Agoty Equally entertaining and enlightening *Eating the Enlightenment* will be an original contribution to discussions of the dissemination of knowledge and the nature of scientific authority

'Inward & Outward Health' Deborah Madden, 2012-06-20 *Inward and Outward Health* is the first interdisciplinary scholarly collection to provide an in depth and new perspective on the medical and scientific activity of one of the eighteenth century's most successful and controversial theological figures John Wesley These essays written by established scholars in the field convincingly correct a persistent view of Wesley as an irresponsible religious enthusiast who confused medical science and

theology The reader is given here instead a picture of someone who was a crucial admirer of Enlightenment principles a deeply pious individual who could minister to the physical and spiritual welfare of the poor applying remedies for the body or prayer for the soul as and when appropriate Subject Index of the Modern Works Added to the Library of the British Museum in the Years ...
