**Art After Instagram** Lachlan MacDowall, Kylie Budge, 2021-12-30 This book explores the effects of the Instagram platform on the making and viewing of art. Authors Lachlan MacDowall and Kylie Budge critically analyse the ways Instagram has influenced artists, art spaces, art institutions and art audiences and ultimately contemporary aesthetic experience. The book argues that more than simply being a container for digital photography, the architecture of Instagram represents a new relationship to the image and to visual experience, a way of shaping ocular habits and social relations. Following a detailed analysis of the structure of Instagram, the tactile world of affiliation follows aesthetics, likes and attention comments, the book examines how art spaces, audiences and aesthetics are key to understanding its rise. The book will be of interest to scholars working in art history, design, digital culture, cultural studies, sociology, education, business, media and communication studies.

**dear elia** Mimi Khúc, 2023-12-11 In *dear elia* Mimi Khúc revolutionizes how we understand mental health. Khúc traces the contemporary Asian American mental health crisis from the university into the maw of the COVID 19 pandemic, reenvisioning mental health through a pedagogy of unwellness, the recognition that we are all differentially unwell. In an intimate series of letters, she bears witness to Asian American unwellness up close and invites readers to recognize in it the shapes and sources of their own unwellness. Khúc draws linkages between student experience, the Asian immigrant family, the adjunctification of the university and teaching methods pre and post COVID 19, to illuminate hidden roots of our collective unwellness, shared investments in compulsory wellness and meritocracy. She reveals the university as a central node and engine of unwellness and argues that we can no longer do Asian American studies without Asian American mental health and vice versa.

Interspersed throughout the book are reflective activities including original tarot cards that enact the very pedagogy. Khúc advances offering readers alternative ways of being that divest from structures of unwellness and open new possibilities for collective care.
