Leila's overactive imagination runs wild with conspiracy theories. She's convinced that this virus is merely a distraction to keep everyone safe at home from the real threat. Dozens of empty cruise ships are converted to temporary hospitals for Zinc Stink patients. Riots, protests, and violence ensue, and the healthy humans storm the ports chanting "Sink the Zink, Sink the Zink, Sink the Zink." Following the actual timeline of the real COVID-19 Virus of 2020, this book was written while under "Safer at home" orders during the actual Corona Virus. The daily lives of Leila and Luke are inspired by true events. However, the events after April and all of the conspiracy theories mentioned in the book are fictional. We hope.
