### Whiskers and Max

Directions: Read the passage twice then answer the questions. Underline the evidence for each question.

Libby's family has two pets: a cat named Whiskers and a dog named Max. Even though their are both furry animals, they have very different personalities and behaviors.

Whiskers is an independent cat who enjoys quiet places. She often finds sunny spots by the window and curls up for a nap. Sometimes, she climbs on bookshelves to observe the room from above. When she wants attention, she rubs against Libby's leg or jumps into her lap, purring softly. However, if she is in the mood, she may walk away or hide under the couch.

Max, on the other hand, is full of energy and always ready to play. He follows Libby around the house and wags his tail whenever she comes home. He enjoys playing fetch in the backyard, running in circles, and chasing after his favorite toy. Max always wants attention and will bark excitedly if he feels neglected.

Even though they act differently, Whiskers and Max have some things in common. They both love to be close to Libby and enjoy the company of their family.
